Says:

To The New Flowery Dress
Patterns
How dainty do the lassies look in
these new flowery prints
With phlox geranium and rose in
many lovely tints,
We men, me-thinks, might also
find this life a merrier time.
If we could go choring in a
flowery trouserloom.

My shirt, it is of sober check, my
pants of ashen gray
But with the girls, ah me! ah me!
'tis quite the other way.
They go arrayed in flowery blouse
and skirts with rose besprent
Till their gowns are blooming
gardens, though of limited
extent.

Let us rise up, men, my brothers!
and refute the ancient tale
That the female of the species is
more flowery than the male!
Let us go arrayed on glory like
our sisters and our aunts.
With lilies on our shirtsails
and pansies on our pants.

The Modern Touch
We didn't know they were
elegant, but it must have been,
for there it is in the Hollywood
sign "Errol Flynn in Robinhood,
in Technicolor, also Shorts."

3 Oaks Chorus
Gives OperettaFirst Showing of "The Dragon
of Wu Foo" at Gallien
High School, Aug. 10

Wednesday evening, August
10th, has been set for the first
showing of the "Dragon of Wu
Foo," the colorful operetta in two
acts which is being presented in
Gallien and several other Berrien
County villages by the Gallien
Valley Community Chorus.

comedy, will be staged first in the

gust 12, at the Three Oaks high
school auditorium. Then on Wed-
nesday, August 17, it will be
shown at the schoolhouse in Lake-
side. Other dates may be announ-
ced later.

With a plot involving both
drama and sparkling comedy, the
play mixes a dash of modern
America with the mysticism of the
ancient Orient, thereby producing
a colorful farce set in a Chinese
political parlor, so to speak. Gen-
erously sprinkled through with the
action are solos, duets, trios and
chorus numbers, all following an
original appeal and theme.

Directing the operetta, is Dr.
William Lester, well known mus-
ical director and instructor of Chi-
cago and a summer resident of
Berrien Springs. The cast of 30

bort as "Kai Sung," the Lord High
Mandarin of Wu Foo; Birney

Camp Madron
Ends 5th PeriodShatters All Records in Ad-
vancements with Over
400 Awards

Camp Madron completed its fifth
period by shattering all records as
far as advancements and activity
were concerned—over 400 awards
were made to the campers before
a crowd which jammed the audi-
torium to over flowing. Fred Up-
ton prominent St. Joseph man and
enthusiastic backer of Scouting,
presented Albert Webb, Buchanan
young man with the rank of Quar-
termaster, the highest rank in Sea
Scouting. He also presented Ralph
Wood with the rank of Eagle
Scout. In making the award Mr.
Upton impressed upon the minds
of the gathering that in Scouting
every boy "EARNs WHAT HE
GETs"—nothing is given to him
unless he makes a genuine effort.
He contrasted this with the many
things which come to young men
"free." He said, "if Scouting does
nothing more than instill in the
minds of the boys that they must
work for what they get, it is well
worth while." He complimented
Mr. Webbon the eight years of
service which he has given to
Scouting, and his excellent leader-
ship in the camp.

During the past week many ac-
tivities were successfully com-
pleted, including the big dinner
served to the Service Clubs of the
two counties on Monday, over 300
men and boys were fed on that
evening. Several hundred interest-
ed parents and friends of the
movement visited the camp during
the week.

Because of the popularity of the
camp this year, parking has be-
come an acute problem. Another
year it will be necessary to in-
crease facilities of the parking
grounds.

Interest is running high in the
sale of candles for the new build-
ing, many scouts and their par-
ents as well as friends are pur-
chasing candles for the birthday
cake—and it is hoped that the 3,000
candles will be purchased before the
birthday party in October. After
the candles are all sold the new
recreation and handicraft hall
will be erected. The names of all
who purchased candles will be
listed in the panel which will be
set in the wall as a permanent
record.

Think First of Our
HOME CIRCLE.

In certain foreign countries citizens are forbidden to send their wealth beyond the borders. In the United States we are fortunate that we are not bound by any such restrictions.

But we should remember that when we buy unnecessarily from merchants in other cities we hurt our local merchants, and we hurt ourselves. The money we have sent away will continue to circulate elsewhere and to benefit outsiders, but can never again be used to benefit us. Let's think first of our "home circle."

Thought For the Day

"Have I ever surrendered my life to God? Jesus said, 'I am come, not to do my own will, but the will of Him that sent me.' Prof. William James said, 'Surrender is the key to spiritual experience.' There is no other way to get rid of an ineffective life. There is no other way to receive a transforming experience. Our wills are ours to make them Thine."

The Library

Rosierucian Books Received. Additional volumes treating on the subject of Rosierucianism have been added to the collection of Rosierucian philosophy at the local library. Ray Barbour, of Buchanan, local Rosierucian member states that he has been informed by the Grand Secretary of the Rosierucian Order with national headquarters in San Jose, California, that because of the demand for works on this subject, it has been found necessary to donate further copies to the Buchanan library. Mr. Barbour also declares that since the Rosierucian Order, known as Amore, is not a religious organization, all of its publications are treatises on philosophy, metaphysics, the sciences and arts... the object of the organization being to acquaint the student or member with the nature of existence and to give an understanding of the fundamental laws of life so as to permit him to realize a fuller and more abundant existence.

"The selection of cities for the periodic national Rosierucian convocations is determined," further stated Barbour, "by the interest shown by the reading public in the organization's publications and monthly periodical, The Rosierucian Digest, in the public libraries." In addition to holding membership conclaves in such cities, extensive advertising is then conducted by the Grand Lodge in the local press. The funds that make possible the donation of such books to the public libraries are the result of contributions of local members of the organization.

Information on Delinquent Tax Payment Compiled

Auditor General George T. Gundry has compiled for the tax-paying public, a list of pertinent facts regarding Michigan property that is delinquent for taxes and has been placed on the 10-year plan. Mr. Gundry pointed out that the fourth installment of 1932 and prior years and the second installment of 1933, 34, and 35 must be paid prior to September 1st, of this year in order to avoid extra penalty and tax sale inasmuch as the law provides that property upon which current installments are not paid are to be offered for sale in May of 1939, for the unpaid balance of the installment.

Gundry reminded the tax-paying public that all moratorium payments are to be made only to the County Treasurer of the County in which the property is located. Gundry reminded tax-payers of the last minute rush during the later part of last August, and urged tax-payers to immediately contact their respective County Treasurers.

4 MINUTES
10 HOURS
Only work four minutes to get ten hours of your labor!

"SWAPPING"
4 MINUTES WORK FOR 10 MAN HOURS of Electricity

UNDER the old Barter System where commodities and labor were exchanged, the economy of ELECTRICITY not only for lighting but also as a labor saving agent would be graphically demonstrated.

Writing on the standards of living in the Atlantic Monthly, Gerard Swope, President of the General Electric Company, comments on the fact that with less than 4 minutes of his own labor, the American workman pays for 1 kilowatt hour or the equivalent of 10 Electric Man Hours. ELECTRICITY is cheap. Use it freely.
