

DR. PRESTON BRADLEY HERE JAN. 26

B. H. S. to Meet St. Joseph at Twin Cities Friday in Crucial Game

Topic is "What Are We Facing?"

Speaker is One of Most Noted Radio Commentators of Present Day

Buchanan people will have the opportunity next Thursday evening, January 26, to hear one of the best and most noted lecturers and radio speakers of the United States, Dr. Preston Bradley, who will speak in the high school auditorium on the evening of that date on the subject, "What Are We Facing?"

The lecture is scheduled to begin at 8 p. m. sharp. The doors of the auditorium will be open at 7 p. m. It is anticipated that the attendance may tax the seating capacity of the auditorium and those who are not buying reserved seats may find it advisable to come early. The high school orchestra under the direction of R. R. Robinson will play for a half hour before the lecture begins. Seats sell at 25c, and may be reserved at the Glenn E. Smith store for 10c additional.

The lecture is being given under the auspices of the College Club to build up their scholarship fund. A member of the club has contributed the following history of the club so that the public may better understand the purpose of the fund:

History of the Buchanan College Club

The American Association of University women served as a model, some sixteen years ago, when the Buchanan College Club was organized for the sole purpose of creating a scholarship fund with which to help our high school graduates in educational advancement.

By promoting various parties and entertainments by sponsoring movies and lectures the sum of one thousand dollars has been earned by the club members. From this small sum ten young people—eight girls and two young men—have had the assistance necessary to start them on their college course. In almost every case a "start" was all that was needed, when once registered in college and on the campus each and every one secured work that carried them on to completion of the course.

The club loans without interest to the applicant, a sum of money up to two hundred dollars, per year, which when the student becomes a wage earner, is turned back into the fund at the rate of ten per cent of his salary. It's a commendable fact that all earning a salary, who have benefited by these loans, are most eager to refund the full amount during the first working year in order that the college club may pass the money on to others, as deserving but who would be utterly helpless in securing special training without the aid.

During the past year four applications for loans could not be granted—as the club is already helping two students. Another thousand dollars would have been the solution.

I am reminded that there are a few citizens in town who have been successful "Go Getters," who will, I believe, be generous "Go Givers," if they can realize how far fifty or one hundred dollars turned into the scholarship fund, will go towards meeting the needs of the most worthy youth of the community. The fifty or a hundred dollars becomes a perpetual aid—not one but to many in years to come.

Dr. Preston Bradley, pastor of Peoples Church of Chicago, radio commentator, dramatic, forceful speaker appeals to all "What Are We Facing?" at high school auditorium, Thursday evening, 8 o'clock, January 26th.

Tribune Photo Man Talks to Camera Club

Dale Murphy of the photographer staff of the South Bend Tribune will speak to the members of the Southwestern Michigan Photographic Society this (Thursday) evening on the topic, "Composition," dealing with the art of arrangement in pictures. The meeting will be held at the city hall and will be open to the public. Anyone interested in good picture taking will be welcome. The meeting will begin at 8:15 p. m. to night.

L. D. S. Church Reorganizes

James Best Resigns; V. L. Coonfare New Pastor

The L. D. S. held a quarterly business meeting at the church Sunday afternoon. The opening of the meeting was in charge of the pastor, James O. Best, and the new church school plan was presented for consideration and adopted. The meeting was then given into the direction of Harry Simons of Fort Wayne, Ind., district director of religious education. Elder James O. Best resigned as pastor of the church because of additional business responsibilities. The new pastor named is Elder V. L. Coonfare. Associate pastors are George W. Seymour and James O. Best. Glenn M. Cease was elected secretary to succeed V. L. Coonfare. George Seymour was elected director of religious education. Glenn M. Cease was made supervisor of the adult division. Dale Wismer was made supervisor of young people. Mayda Gross was made supervisor of the children's division. Mrs. Clara Coonfare is supervisor of the women's department and Lester J. Stoner is trustee.

At 4 p. m. the women of the church met under the direction of Mrs. Harry Simons, director of the Women's department, and reorganized as follows under the new plan: secretary, Mabel Keller; treasurer, Grace Bates; director of music, Viola Seymour. Committee chairmen named by the president, Mrs. Clara Coonfare, are: Ways and means, Mabel Keller; program, Iona Cease; social, Eva Metzgar.

At the same time the young people met in the lower auditorium to organize a Zions league with Harry Simons in charge. Officers elected were: president, Dale Wismer; vice president, Joseph Gross; secretary, Geneva Metzgar; treasurer, Dorothy Gross.

At the conclusion of the meeting Harry Simons announced that he and his wife were leaving the district to go to Lincoln, Neb., where he has received a promotion in position with the International Harvester company. They leave some time in February. They will be greatly missed in the work of the church in this district.

Louis Baker is Recovering From Gunshot Wound

Louis Baker, 24, who incurred a self inflicted wound from a shotgun in his apartment over the Snyder Tavern late Saturday night, is reported to be progressing satisfactorily at the Pawating hospital and will recover, barring complications. Young Baker shot himself with a 12-gauge shotgun at 9:45 p. m. Saturday. It is assumed that the charge was intended for his heart but it missed entirely and instead traversed the muscles of the left side outside of the chest wall. The shot left his body and was sprinkled over a considerable area of the ceiling. He has made no statement of reasons.

Dance Team Has Full Schedule

The dancing team of Ida Fay and Dick Ellis won another jittersub contest at the Elko Theatre, Elkhardt, Thursday evening. They danced Saturday night at the Club Rendezvous at Battle Creek and will return to dance there Feb. 4. They will dance at the President's Ball at the Hotel Whitcomb at St. Joseph, January 28.

Mrs. E. Hubbard, spent the week-end in Niles, the guest of her sister, Mrs. Mary Forrester.

Habicht Elected to County Road Board

Frank Habicht, vice president of the Clark Equipment company, was elected to the county road commission to succeed J. Walter Wood of Niles at the concluding session of the Berrien County board of supervisors at St. Joseph Thursday. Habicht was elected to serve out the unexpired term of Wood, whose resignation became effective Saturday. He was elected by a vote of 22 to 13 over Floyd J. Wood, Niles, a brother of the former incumbent.

Local Farmer Is "Light-Minded"

Polls Indicate He is Becoming Sold on Use of Electric Power on Farm

It might be misleading and perhaps provocative of misunderstanding to say that the farmers of the Buchanan district are becoming decidedly light-minded, but that such is in a manner of speaking, the case is indicated by the results of the polls taken of the various townships of the district on the question of granting long-term franchises to the Indiana & Michigan Electric company.

The latest of the polls resulted, as follows: December 27, Silverbrook township, yes 6, no 0; Bainbridge township, yes 28, no 0; Pipestone township, yes 48, no 2; Geneva Township, yes 38, no 0; Chikaming township, yes 37, no 8.

The overwhelming success of the poll is because of the liberal offer of the company of a minimum of \$2.50 per month in all cases where there are not less than three homes to the mile. "The farmer needs electric light and power more than the town people and can make far more use of it, said a local man." The single item of fire protection makes it worth his while to hook up with the power line. By installing an electric pump he can assure himself a much stronger water flow from his well in case of emergency and give a city fire department a chance to do something. The townsman, with the city water at hand, is not nearly so unprotected.

"He can put a small motor on his separator and use power to separate his milk. This will not only save his strength but will assure him the uniform speed which is vital to efficient milk separation. He can install an electric brooder and assure perfect brooder conditions which will more than pay for the cost of the brooder and the current used, if he is raising chicks. A few Buchanan farmers have already learned this and are using electric brooders. There are many more around Berrien Springs.

200 Listen to Dr. C. A. Fisher

The lecture given at the Methodist church Monday evening by Dr. Charles A. Fisher, head of the extension department of the University of Michigan, was attended by about 200, including a number from out of town. Mrs. Earl Rizer, president of the Child Study club, under whose auspices the meeting was held, presided. The high school orchestra played for a half hour preceding the talk. Those attending reported that the lecture on "Dad Looks at Life" was excellent.

Copies Pictorial Magazines Wanted

Anyone who has old copies of pictorial magazines for which they have no use will confer a favor by donating them to the Buchanan Public Library where the librarian is compiling picture collections.

Born, to Mr. and Mrs. Michael Loebach on January 7, a daughter.

Ask For Full Rural Tuition

Many Schools of State Report That Cuts Mean Reducing School Year

Members of rural, village and city school boards and superintendents of schools of Berrien County will meet at Berrien Springs Saturday evening, Jan. 21, at 8 p. m. to form some sort of organization to aid in securing desired state legislation to offset the effects of the 40% cut in state aid which threatens to close a number of schools in the state.

Mr. Osborne of Livingston Co., who is leading the fight against reduction, has taken the position that the tuition of students from rural schools should be paid in full out of state aid and paid promptly after the end of the year in which the services have been rendered. He maintains that unless this is done, it will be impossible for village and small city high schools to accept rural school pupils, since the taxpayers of these villages and small cities would be unable to bear the burden of maintaining their high schools even if they were disposed to do so.

Mr. Osborne stated that he heard a superintendent of schools of one of Michigan's larger cities tell a group of rural school officials last August that, if the state were going to pay only one-half of the tuition they had agreed to pay, that the rural school pupils could only attend the city high school, one-half of this present year unless either the parents or the rural school district paid the other half of the rural pupils' tuition. Mr. Osborne insists that the present formula under which state aid funds are being distributed discriminates against rural school boys and girls and that it should be so changed that both tuition and transportation will be considered a prior claim on state aid.

A superintendent of schools in Michigan gave Mr. Osborne the following facts regarding a small city school system: per capita cost, \$96.05; number of tuition students, 289; tuition allowed by State under present cut, \$57.63; loss per pupil, due to state cut, \$38.42; total loss to this high school on 289 non-resident pupils, \$11,113. Next year when the state formula is being applied, this district will be further penalized \$17.30 per pupil due to deductions under the formula. This will penalize the city school district \$16,133 for trying to help educate boys and girls from the surrounding rural districts. This loss must be met by taxation in this city school district because it receives tuition students.

Farm Credit Union Holds Annual Meet

The Buchanan Farmers Credit Union, oldest farm credit union in the Lower Peninsula and one of the largest in the United States, held its annual meeting Wednesday afternoon in the auditorium of the Buchanan Co-ops, Inc., building, electing officers and listening to annual reports.

Membership increased from 337 to 489, according to the report of Alfred George, treasurer and manager. Total assets are listed at \$74,082. The union was begun six years ago with assets of \$45 and with nine members, consisting of the seven directors of the co-op, County Agent Harry Lurkins, and A. J. George.

The following were elected officers: president, J. G. Boyle; vice president, Dean Clark; secretary, Glenn Haslett; director, Charles Babcock. The following committees were named: loan committee, Albert Houswerth, James Reed, Charles Tichenor; Fred Koengshof will act on the loan committee while Albert Houswerth is in California. A dividend of five per cent was distributed, equivalent to \$1600.

To Speak Here

DR. PRESTON BRADLEY

The College club of Buchanan will sponsor a lecture by Dr. Bradley, Chicago, Jan. 26, 8 o'clock in the high school auditorium. Proceeds will go towards the scholarship fund for a senior girl next year. Dr. Bradley spoke at commencement exercises in Buchanan several years ago.

PTA Presents Youth Program

Girl Scout Troop 3 Will Give Demonstration Significance of Holidays

An interesting "Youth Program" will be held at the January meeting of the Buchanan Parent-Teacher Association in the Junior High assembly Monday evening, January 23.

The members of Girl Scout Troop three will present one section of the program, giving interpretations of national holidays with stress on the effect that such observance may have on international understanding. This is a part of the regular Girl Scout work. Their program will be interspersed with demonstrations of work. This part of the program is under the direction of the captain and assistant captain, Mrs. Arthur Allen.

Another section of the program is being prepared by Mrs. Earl Rizer with the assistance of the program chairman, Mrs. Kathryn Kobe. It will be as follows:

1. "Why All This Modern Concentration on Youth?" by Mrs. A. G. Haslett.
2. "Youth—Its Problems," by Mrs. L. G. Fitch.
3. "Parents—What Youth Says About Them," by Mrs. Earl Rizer.
4. "What Shall We, As Parents and Teachers, Do About It?" by Rev. W. H. Brunelle.

Arthur Willis Roe Dies in California

Arthur Willis Roe was born September 16, 1870, in Buchanan, Michigan, where his early life was spent and where he married Miss Helen Underwood on January 12, 1892. Sometime later they left Buchanan and for years past have enjoyed their home in sunny San Gabriel, California.

On January 12, 1939, after only a day or two of severe illness, pneumonia, he passed into the silence and on January 16, burial was made in San Gabriel cemetery. His death occurred on the forty-seventh anniversary of his marriage.

To cherish his memory he leaves his faithful and beloved wife and eight children, all grown up and well fitted to fill useful and honorable stations in society; one brother, Ellis Roe of Bloomfield, New Jersey, and two sisters, Eva and Mabelle, of San Francisco, Cal.; also a few relatives and many friends in his old Buchanan home. —Contributed.

Mrs. W. A. Rice went to Gary Sunday to visit at the home of her brother, Fred Stults.

Has Private Radio Station

Fred Riley Organizes M. S. C. Radio Club at East Lansing

The following is taken from a Lansing paper and relates to the work which Fred Riley, son of Mr. and Mrs. H. W. Riley, is doing in radio at Michigan State College:

Would you like to send a radiogram to your folks free of charge? Here's how you can.

The members of the Michigan State College Radio club will do it for you. The club has been in existence for a number of years, but it was not until lately that it was organized into an active body. The fellow who was largely responsible for this is Fred Riley '40 "WSPDC." The call letters are those of his own private station. The call letters of the club station are WSSH, and the station is at present running on a power of 250 watts.

One of the members of this unique club has been recognized by the American Radio Relay league for having worked all the continents in the world. Another of the boys received recognition from the league for helping in the Eastern Michigan sleet storm in 1936.

Riley, another, operated 90 hours straight from Cincinnati handling messages for the Red Cross and the army at the time of the Ohio river flood in 1936.

Organize Niles Concert League

To Bring National Stars to Niles; Robinson to Represent This City

Organization work has been under way in the past week in the Buchanan, Gallen and allied communities preparatory to a membership drive for the Niles Concert League, designed to bring to this district concert talent of national note.

The drive is scheduled to begin February 6. The territory to be covered is adjacent to Niles, Buchanan, Gallen, Three Oaks, Berrien Springs, Berrien Center, Eau Claire, Dowagiac, Cassopolis, Edwardsburg, and Bertrand. Directors have been selected from each of the above communities, to serve with fourteen selected from Niles. R. R. Robinson has been named to represent Buchanan and Mrs. John Hoinville to represent Gallen, Mrs. Arthur Knoblauch represents Cassopolis. The league is one of the units of the National Concert League, with headquarters in Chicago. Ground work for the organization was done locally by William S. Wright of Niles, general director of organization and publicity.

Opening date for the Niles Concert league series was tentatively set for Feb. 28 at the meeting of officers and directors of the league Thursday night in the Four Flags hotel.

William Miller, tenor, and Ennio Bolognini, cellist, will be presented in joint recital. The second concert will be given by the renowned blind pianist, Alec Templeton. The third concert will be announced at the close of the membership campaign and if the enrollment is sufficiently large, the committee will choose the Saldenberg Symphonietta, consisting of 18 solo artists from the Chicago Symphony orchestra directed by Daniel Saldenberg.

William Miller was the winner of the Atwater Kent national audition in 1930. He is the featured soloist on the Carnation Milk hour each Monday night, and sings from the WGN station each Thursday night. He has been the vocal soloist for the Chicago Symphony orchestra for the past three years. Bolognini is the famous South American cellist.

Mrs. Grace Van Halst was a guest over the week-end of friends in Chicago.

Both Undeclared by Other Teams

Local High School Gave Bears Only Drubbing of Season Here 26-14

The Buchanan High School basketball team will face its hardest game of the current season at the St. Joseph high school auditorium Friday evening when they meet that team on its native heath.

The St. Joseph team can be depended on to bring up all its heavy artillery and play to the limit to wipe out the stigma of their only defeat to date on an otherwise fine record. The Buchanan five defeated them on the local floor earlier in the season by a score of 26-14. The St. Joseph team has taken all other opposition teams into camp, including the crack St. Augustine team of Kalamazoo, winner of several state titles, the Sturgis, Niles, Dowagiac, and South Haven teams, and the team from Libbey high school, Toledo, O.

If the Buchanan team can repeat at St. Joseph it will stamp itself as one of the really dangerous teams of Michigan, and Miller will prove himself one of the top coaches of the state. The locals are playing in top form, and have swept aside all opposition to date by good scores. All game fans should make arrangements if possible to be in the St. Joseph gymnasium that night to give them all possible support.

The Buchanan team took their once-dangerous rivals, Bridgman, in their stride Friday evening 38 to 12. Letter was high with 14 points. Other points won were by M. Rauch (f) 4; Simpson (c) 3; Helney (g) 4; Wesner (g) 3; Habicht 10.

Points won by Bridgman were Janca (f) 2; Roidley (t) 5; Webber (g) 2; Speitzer (g) 1; Vozizke 2. The Buchanan second team won 21 to 20.

Best Cafe Serves First Dinner Wed.

Local gourmards were observed sniffing the air excitedly and drifting in the general direction of East Front street Wednesday, the occasion being the opening of the Best Cafe by the cuisine expert, James O. Best.

The Best Cafe served its first dinner Wednesday to a good clientele. The operating force consists of Mrs. Arthur Metzgar, Mrs. Ray Hewitt and Miss Annabelle Dalenberg. Mr. Best is manager of the National Foods Store and is not actively engaged in the operation of his restaurant, but his local friends who know of the wizardry of his cookery are confident that his science will be reflected in the menus. His friends here wish him success.

Buchanan Exchange Gains 924 Phones During Past Year

At the first of January there were 924 telephones in service in the Buchanan exchange, representing a gain of 37 during 1938, according to figures announced today by H. G. Shannon, manager in this area for the Michigan Bell Telephone Company.

The company as a whole was serving 688,781 telephones at the first of the month, a gain in December of 5,005 compared with 5,133 in November. Michigan Bell Company telephones still are short 10,451 of the peak, reached June 1, 1930. The total net gain during 1938 was 21,254 telephones, compared with 64,545 in 1937.

Auxiliary Wants Old Silk Stockings

The American Legion Auxiliary is collecting old silk stockings to be sent to the Veterans Hospital at Battle Creek, where they are used in rug-making which is one of the activities of the veterans for making money. Those who can help are asked to bring them to the city hall or to call Mrs. Oscar Swartz.

Now Here's the Proposition

Must take a powerful lot o' hand holdin' fer these edittors to keep their finger on the koommunity pulse.

Grandma Jones of Glendorry, who keeps right up with the times, sez she sure likes to listen to the news reel an' most of the news is sure reeling these days.

Jim Alchenbottom, who is one of the old fashioned boys around Glendorry who tries to pay his debts, sez he druther hev a patch on the seat uv his pants any day than a patch on the seat uv his conscience. Jim is one of the few remainin' early settlers.

How Homes Grow Home is a place that grows as we grow— A little there and a little here; This year a climbing rose on an arbor A pool in the garden close next year.

Homes are builded little by little; Here a picture and there a chair; 'Til on the kitchen wall this season; Next a desk at the turn of the stair.

Next a print for the fire place mantel, Then a screen where the fire flames play, For homes that grow this way last longer Than those that are done in a little day.

Thus they grow and our hearts merge in them Into the texture of wall and floor; When they are done in a single season Hearts escape by an open door.

'Tidings From Florida The Record received one of those "don't you wish you were here" letters last week from F. C. Hathaway, Sarasota, Fla., reporting that he and Mrs. Hathaway had just enjoyed a pleasant party of Buchananites on their front porch, their guests being Mr. and Mrs. H. B. Thompson, Mr. and Mrs. Mike Lundgren and Mr. and Mrs. M. L. Irie. He states that reports that he is a part of the Ringling circus in winter quarters there are erroneous.

Rabies Case in Bend of the River

Dr. Winter reported a case of rabies at the L. R. Butts farm last week, a German Shepard dog there being affected. The animal was shot and the head sent to Ann Arbor, and a positive test was received.

City Officials Go To Lansing

City Clerk Harry Post and City Attorney Phillip Landsman went to Lansing yesterday to secure the approval of the public debt commission on the sale of the bonds for sewer projects.

William Nelson, who has been under treatment at the Burleson hospital, Grand Rapids, is reported to be progressing satisfactorily and is expected home Saturday.

Mr. and Mrs. Edward Stults and son Eugene, and Dick Penwell and Harvey Hinman visited Sunday at the home of Mrs. Stults' mother, Mrs. Charles Snyder, Goshen, Ind.

Mr. and Mrs. Otto Svejda were guests of Mr. and Mrs. James Hanover, Sunday.

Mr. Earl Mitchell of Berrien Springs visited his brother, John Mitchell and family, Sunday afternoon.

Mr. and Mrs. Guy Herman and Mrs. Ollie Hanover visited friends at the Berrien Springs hospital, Sunday afternoon.

Mrs. Ola Krieger of Glendora is now employed at the Bakertown Tavern and lives in one of Mr. Haas's cottages.

Mr. and Mrs. Griffith of Lake Forest returned to their home, Monday, after spending the week-end at their cottage here.

Mr. and Mrs. Ralph Sebasty attended the Farm Bureau meeting at Berrien Springs, Saturday evening.

Mr. and Mrs. M. E. Gilbert visited Mr. and Mrs. Carl Benson at Gallien, Sunday afternoon.

Miss Doradine Leiter of Buchanan spent the week-end with Margene Sebasty.

Mrs. Lena Mittan and daughter, Eleanor of Benton Harbor, were Tuesday afternoon callers on Mrs. M. E. Gilbert.

Mr. and Mrs. Cecil Clements and family and Mrs. E. Goodman were guests of Mr. and Mrs. Arthur Thompson at a chicken dinner, Sunday.

Mr. and Mrs. Louis Ernek entertained with a dinner Wednesday evening of last week in honor of their daughter, Ann's birthday.

Those from away attending were Mr. Chas. Borman of Gary, and Mr. and Mrs. Will Srmek and son, of Gallien.

Mr. James Hanover, who has been ill for several weeks and under Dr. Fredrickson's care, is preparing to enter the hospital at Ann Arbor for an operation in the near future.

Wins Automobile for Naming New Fruit Ira Neiswender local sales representative of Stark Bro's Nurseries, announced today that Walter C. Markle, a farmer of Wixom, Michigan won a 1939 Chevrolet Sedan in a nationwide contest for naming a newly discovered giant apricot.

This extraordinary new fruit, a peach-like apricot, resulted from the National New Fruits Show conducted under the auspices of the Stark-Burbank Institute of Horticulture, of Louisiana, Missouri, which is carrying forward the work of Luther Burbank, the plant wizard.

This new apricot—a huge red and gold fruit, has the appearance and size of a beautiful peach with the golden flesh of a delicious apricot. The discovery of this new fruit was made by J. C. Sparks, of New Castle, Colorado, a 75-year-old retired butcher who started in the work of creating new fruits after his 70th birthday. For it he was awarded the Grand Prize over all other contestants in the country. In a competition to find a name for this new fruit discovery, the Grand Award went to Walter C. Markle of Wixom, Michigan for the name Starkrimson which was selected by a committee of judges consisting of well-known horticulturists, fruit marketing authorities and advertising men.

Mr. Neiswender further stated that another Automobile Contest for another 1939 Chevrolet Sedan is starting this week and he will welcome the aid of his friends in this community in his effort to win this second 1939 Chevrolet Sedan.

Benefit for I-H Clubs Residents of the North Buchanan district are planning to hold a rally and a penny supper, Jan. 26, for the benefit of the boys and girls 4-H clubs which were organized at the Colvin school this year. The supper will be served at the Mt. Tabor grange hall beginning at 6 p. m. Thursday, Jan. 26. The supper will be followed by several varieties of entertainment. The proceeds will go to buy equipment for their work, and especially for tools and lumber for the boys' handicraft work. Mrs. H. G. Wallquist is the leader of the girls' club and H. G. Wallquist of the boys' club.

Wedding Anniversary Mr. and Mrs. Harold Sebasty were host and hostess at a family dinner Sunday, the occasion honoring the seventh anniversary of their wedding. Guests were Sam McCormick, a student at Western State Teachers College, Kalamazoo, Mr. and Mrs. Forrest Sebasty of Three Oaks, Mrs. Julia Sebasty, Mr. and Mrs. C. J. Mr. and Mrs. Alvin Scherry spent the week-end at Battle Creek the guests of the latter's parents, Mr. and Mrs. Otto Hansen.

Scratch Pads, a better assortment of ways and values than is offered elsewhere. Binns' Magnet Store. 31c.

The Misses Marie Post and Helen Zook of South Bend were visitors Sunday at the home of Mr. and Mrs. Harry Post.

Love and Mystery in a Co-ed College! Read "Death and The Maiden"—a new thriller by Q. Patrick—appearing in The American Weekly, the magazine distributed with the Sunday Chicago Herald and Examiner.

Don't take chances! Be sure you have ample Liability Insurance. Let us discuss accident and Liability Insurance with you. E. N. Schram. 31c.

Women's speakers will include Miss Gladys Winegar, New York City textile adviser. Her talk will be offered Tuesday, January 31, the same day that Dr. W. L. Mallman, bacteriology professor at the college discusses, "Are There Microbes in Your Meals?" Wednesday, Mrs. Clara Gebbard Snyder, Chicago, foods specialist, presents a lecture on breads. Dr. Martin H. Hoffman, Detroit, speaks Thursday on mental hygiene. Another Detroit speaker Thursday will be Mrs. Belva Sanford discussing home furnishings.

For general programs the Farmers' Week audiences Wednesday will hear Louis Tabor, Washington D. C., master of the National Grange. His subject, "Four Horsemen of Recovery." Thursday's main speaker for the general program is to be Dr. J. Preston Bradley, pastor of the People's Church in Chicago. His subject is "Americanism."

During the annual livestock banquet Tuesday evening the speaker is to be James E. Rice, president of the executive committee of the World's Poultry Congress. He is scheduled for an earlier address in the Tuesday afternoon general program. Farm crops leaders have invited Dr. F. D. Keim for a Tuesday morning talk as well as an address for the annual Crop Improvement association banquet Tuesday evening.

Tracing Jerusalem's Name Jerusalem is supposed to derive its name from a word which means "abode of peace."

WASHINGTON NEWS LETTER

Progress Toward Economy Those who realize that we cannot always continue to spend more than we take in last Friday won their first battle against the Administration's spenders when they cut \$150,000,000 from the New Deal's relief bill. True, the cut was a small one, compared to the amount appropriated, and the spending is still left in the hands of the New Dealers, but the appropriation was one to take care of the relief rolls until June.

Many Republicans, including the writer, voted for it only after Republican leaders and many Democrats had promised that never again would there be a blank check asked for a like purpose.

The fight was a bitter one. Not only were the President's demands cut \$150,000,000, but aliens were clipped from the roll, discriminations in pay exceeding 25% were banned and, best of all, the House went on record, although by a narrow margin it is true, against the use of one cent of relief money for political purposes.

No one who has not sat in the House during the last four years and taken defeat after defeat can realize the deep satisfaction that prevailed among many of us. This victory should be but the beginning of a renewed and continuous fight to get back to sound, sensible methods.

It is my purpose, and I think the purpose of practically all Republicans here, to endeavor to return the relief problem to the States, Federal contributions to be matched by State funds.

Murphy Although the appointment of Murphy as Attorney General had been unanimously approved by a Senate Committee, following a speech made on the floor by your Representative during which the new Attorney General was asked a series of questions, Murphy asked leave to appear before the Senate Committee, did appear and read a long statement, in which he

admitted that his first order to the sit-down strikers to evacuate the plants was a letter written on the 9th day of February, 1937, to John L. Lewis and read in the presence of one witness. This request to evacuate the plants, Murphy said, was not given to the public and the next day the strike was settled.

If Murphy's statement is true, it shows that he had the power to settle the strike by making a demand that Lewis call his strikers out of the plants. Why did he not do it the first week in January, instead of waiting a month and letting the working men lose over \$44,000,000?

In a letter sent to him just before he appeared before the Committee, I asked him to tell when and where he had ever asked the sit-down strikers to get out of the plants. The foregoing was his only reply. It proves conclusively that, for more than forty days, in violation of law, as he acknowledged, he permitted the sit-down strikers to hold the plants at Flint. In other words, his statement shows that he failed to enforce the laws of Michigan, that he violated his oath of office. Yet the President selects him as his chief legal adviser.

Supreme Court The United States Supreme Court heard counsel for the Labor Board admit that sit-down strikes were illegal, that men engaging in them could be discharged, if they were first reinstated—this in the Fansteel case where the Board ordered the reinstatement of a number of workers and the payment of back wages amounting to more than \$60,000.

Wagner Law Amendment of the Wagner law is being asked by employers, independent citizen groups, the A. F. of L.—fought by John L. Lewis and the CIO.

Agriculture The farm program is all in the air, Wallace confessing that the present program cannot be maintained; one group asking for a two-price system, where the Government will fix the price of farm products sold in the domestic market and let the balance go on the foreign market for what it can bring. In the meantime, Frank Knox advocates the breaking down of the tariff on those things the farmers buy, so as to reduce the cost of farm implements.

To me it has always seemed that the farmer should be protected from importation of foreign crops produced by cheap labor and that we should find some way to lessen the cost of his farm machinery, which is excessive.

Sincerely yours, Clare E. Hoffman Your Representative

### Election of School Supt. Under New Law

Both Conventions to Nominate Candidates for School Job

Berrien County Republicans and Democrats will meet during the month of February to elect delegates to the State Convention, which will be held later on in the month. Both conventions also will nominate candidates for the office of county school commissioner.

For the first time since the primary law was enacted years ago will the roll call of townships and precincts be heard, nominating a candidate. Last year's legislature changed the law providing for a convention nomination.

There are seven candidates for the county school job and there even may be more before the night of the convention.

The convention will be held February 8th in the St. Joseph high school auditorium at 7:30 p. m. with Judge R. E. Barr as temporary chairman.

According to Lester Farnum, the Democratic convention will be held February 4th in the Berrien Springs high school auditorium at 7:30 p. m. and the keynote speaker will be announced later.

The Democrat county convention will likewise nominate a candidate for county school commissioner and name delegates to the state convention.

No Democrat has yet made public announcement of his candidacy for school commissioner. Final election will be held at the time of the regular spring polls for city and township officers on April 4.

### Speakers Are Named For State Farm Week

Nationally known speakers with subjects ranging from microbes to bread and to butter have accepted invitations to address audiences during the 24th annual Farmers' Week program at Michigan State College the week of Jan. 30 to Feb. 3.

To start the parade of authorities will be John Brandt, Minneapolis, president of the Land O' Lakes Creameries, Inc. His address will be heard Monday afternoon in a dairy symposium as a feature of Dairy Day. His subject will include progress of the national butter merchandising campaign.

Tuesday, Wednesday and Thursday speakers will address women while male audiences hear agricultural authorities. Women's speakers will include Miss Gladys Winegar, New York City textile adviser. Her talk will be offered Tuesday, January 31, the same day that Dr. W. L. Mallman, bacteriology professor at the college discusses, "Are There Microbes in Your Meals?" Wednesday, Mrs. Clara Gebbard Snyder, Chicago, foods specialist, presents a lecture on breads. Dr. Martin H. Hoffman, Detroit, speaks Thursday on mental hygiene. Another Detroit speaker Thursday will be Mrs. Belva Sanford discussing home furnishings.

tipped over. The car was badly damaged. Rutan received several cuts about the face and a bruised knee. The accident occurred on the Lake Madron road near the George Marsh farm.

Correction Mrs. Lilly Vaughn is spending the remainder of the winter with her father at Cedar Lake, Ind., instead of at Cedar Rapids, Iowa, as was reported in the Record last week.

Donald Marsh, son of George Marsh is now able to be up and around after illness. Mrs. Ola Krieger is employed at the Bakertown tavern.

Mrs. Frank Wright, who has been ill for several weeks, is improving but is still confined to her bed.

Miss Clara Hartline entertained a few friends Sunday at the home of her parents, Mr. and Mrs. Clayton Hartline, honoring her thirteenth birthday.

Marvin Weaver, son of N. J. Weaver and Irving Weaver, son of Floyd Weaver, are visiting the former's brother, Dohn Weaver and wife at Frederick, Mich. Dohn Weaver expects to return home with them the latter part of the week.

Miss Marjorie Pletcher returned Sunday evening from Chicago where she had spent a week.

## AFTER BANKING HOURS ARE THE "Dangerous Hours"

Use Our Night Depository

You may take in heavy business receipts after regular banking hours. Sunday or a holiday may intervene. Your money, your life, and the lives of others may be put in jeopardy by unbanked funds.

Our Night Depository is provided for your safety and convenience. You can make deposits any time and thus avoid all unnecessary risks.

Take the danger out of those "dangerous hours." Use our Night Depository.

## Mich. Pays Highest Job Insurance Checks

The Michigan Unemployment Compensation Commission today announced that a total of \$41,455,246.01 had been disbursed in 3,078,057 job insurance benefit checks through January 11. Records indicate Michigan maintained its lead in paying the highest average check for job insurance. The average check sent throughout the state to the 350,000 odd recipients of benefits amounted to \$13.47.

Dearborn recipients continued to receive the highest average checks of \$14.50. In Flint the average was \$14.35; in Saginaw, \$14.12; Pontiac, \$14.00. Detroit checks averaged \$13.71, while checks disbursed in Highland Park averaged \$13.79. Benefit checks distributed in the Detroit district up to January 11 reached a total of \$24,007,353.29. Individuals who accumulated benefit rights in Michigan and subsequently moved to other states received nearly 75,000 checks, for a total value of \$999,111.75.

series of evangelistic services, every night at 7:30 o'clock except Saturday night.  
Those who forgot to bring their fruit offering last Sunday may do so this coming Sunday.  
O. 4 O. class party Friday. Potluck supper at 6:30 p. m. prompt. Let us have every member present.

**Christian Science Churches**  
"Truth" will be the subject of the Lesson-Sermon in all Christian Science Churches throughout the world on Sunday, January 22.  
The Golden Text (Deuteronomy 32:3, 4) is: "Ascribe ye greatness unto our God. He is the Rock, his work is perfect: for all his ways are judgment: a God of truth and without iniquity, just and right is he."  
Among the Bible citations is this passage (Psalm 57:9, 10): "I will praise thee, O Lord, among the people: I will sing unto thee among the nations. For thy mercy is great unto the heavens, and thy truth unto the clouds."  
Correlative passages to be read from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, include the following (p. 288): "The understanding of Truth gives full faith in Truth, and spiritual understanding is better than all burnt offerings."

**L. D. S. Church**  
Elder V. L. Coonfar, Pastor  
10:00 a. m. Church school, Geo. Seymour director.  
11:00 a. m. Elder V. L. Coonfar speaker. Topic, "Workers Together With Christ."  
3 p. m. Church school council meeting.  
7:30 p. m. Elder J. W. McKnight of Galien will be the speaker, continuing a series of sermons on the theme "Doctrines of Jesus Christ."  
Adults and Young Peoples' prayer meetings at the church 7:30 p. m. Wednesday evening.

**The Presbyterian Church**  
Wanzer H. Brunelle, Pastor  
9:45 Church School.  
11:00. Public Worship. Mr. Brunelle will preach the second of his series of sermons on marriage. The subject will be, "If Marriage Falls."  
5:30. The High School Club will meet at the home of Margaret Miller. The leader will be Bob Hagblent.

### H. S. Art Class

#### Paints Novelties

Painting small novelties helps in the study of arrangement, the art class discovered last week. The most popular object was found to be a modern watering pot. The class is now preparing for the semester examination this week.

#### BOOK OF THE WEEK

"Ben Hur" by Wallace is a truly great novel. Perhaps it is even more significant now when the persecution of Jews is being revived.

It is the story of a young Jew who nearly kills the Roman governor, and as a consequence is sent to the galleys. He is later freed and returns to his home to find his mother and sister gone. His chariot race is one of the greatest chapters in the book and one that will live for a long time because of its vividness. His marriage, his reunion with his mother and sister, who had been cured by Christ of leprosy, and the crucifixion of Christ conclude the book.

### Gymnasium Closed During Noon Hour

Because pupils who do not bring their lunches to school insist on playing in the gymnasium during the noon hour. Mr. Moore has been obliged to close it indefinitely. The students who eat at the school are held responsible for all broken equipment. It is, of course, unfair to lay the burden of paying for the others breakage on their shoulders.

Since both locker rooms have stairs leading to the gym, they too are locked up. As a consequence, many students were unable to get their books for a half-hour's study. However, a little relaxation and fresh air never hurt anybody.

### Popular Imitator Here Last Week

Noah Beilharz, imitator extraordinary, gave several of his impersonations at a general assembly on Wednesday, January 11. Mr. Beilharz has traveled all over the country giving his performances. He impersonates characters in literature and those of his own invention.

At the assembly he gave a recitation of one of James Riley's most popular poems, showing all the people who spoke, featuring the persons at a "Literary" and a Debating bee.

In one skit, he took the part of three characters. He concluded his performance by reading the newspaper of Beaville, Michigan, as an old character, Uncle Hank.

### MOVIE OF THE MONTH

Chosen by the senior class as the best movie to be shown in Buchanan this month, "The Citadel" is the movie made from the book of the same name. The story of a young doctor with principles, his forgetting the principles, and his reclamation make interesting movie fare. The school library has a copy of the book.

## BUSINESS MAN... AGE 12

This youngster already knows the rudiments of business. He not only has learned how to raise poultry successfully but how to sell it at a profit. He uses the telephone to get authoritative advice from the county agent and to reach the merchants, poultry buyers and housewives to whom he sells his fowls. Today, farmers young and old recognize the dollars-and-cents value of the telephone in marketing activities. They know, too, that it provides an invaluable means of summoning veterinarian, doctor, and help when fire or other emergencies threaten. And for all members of the farm family, a telephone is the means to greater participation in the social life of the neighborhood.

MICHIGAN BELL TELEPHONE CO.

### Dewey Avenue School

Kindergarten—Miss Anderson  
We have been making tooth powder by using salt, soda, and peppermint oil—our recipe is 6 teaspoons salt, 6 teaspoons soda, and a few drops of peppermint oil.

We are also making "Before We Read Books" in preparation for the Pre Primer Reading.  
First Grade—Miss Miller  
Joan Decker has been ill and out of school for three weeks. The children want to write her a letter.  
Betty Coleman is ill, also. We will write her a letter, too.  
Third Grade—Mrs. Fischer  
Barbara Walters has returned to school after being absent for a week with a cold.

Walter Casto's name has been added to our Dental Honor roll.  
Special Room—Miss E. Reams  
Henry Morley is absent from school with chicken pox.  
We made some vegetable soup for a health lesson this week.  
We are reading "Hans Brinker or the Silver Skates for the opening exercises."  
Fourth Grade—Miss Quikel  
Lowell Dohy painted a beautiful winter scene with the poster print Mrs. Imhoff sent us.

### Manual Arts Pupil Builds Two Chests

Recently completed by Glenn Sult, manual training student, were two roomy chests. One was of fir, the other of mahogany and both have a high luster given by the varnish. The chests are ideal for many purposes, but it has been suggested that they are hope chests.

### GRADE ASSEMBLY

Mr. Noah Beilharz of Dayton entertained the grade assembly, Wednesday, January 11. The children enjoyed the stories he told very much.

### Grade News

First Grade—Miss Carnagan  
This riddle was written by Miss Carnagan's first grade after they had made a study of a toad.  
It goes hop, hop.  
It is brown.  
It lays eggs in water.  
It hibernates in the winter.  
It digs holes with its hind feet.  
What is it?  
Second Grade—Mrs. Heim  
At recess time we saw a flock of quail in the south-west corner of the playground. Some flew into the trees and into the bushes.  
Jerry Norris brought building blocks and built a toy town for us on the library table.  
Elton Orpurt spelled the room down in a spelling review lesson.

Third Grade—Miss Kinney  
We have been learning about the different kinds of cloth that our clothes are made from. We learned that people use silk, wool, linen, leather, rayon, rubber, and cotton for clothing. We brought samples of each material and will paste them on a chart telling where each comes from.  
Our boys and girls have been buying 10 to 15 bottles of milk every day.  
We are having an exhibit of things imported into our country from Japan and China.  
We have been studying about how seeds travel when they get away from their mother.

Fourth Grade—Mrs. Fuller  
The fourth grade has been divided in activity committees. Mrs. Fuller selected the chairmen and they in turn choose their helpers. Donald Hartman, Donald Metzger, Donald Dalenberg, and Kenneth Mitchell are chairmen of winter scenes for a blackboard border.  
Jackie Burks, Helen Allsworth, and John Metzger are chairmen of groups illustrating fairy tales.  
Philip Hawks and his committee are doing a sand table scene of Norway.

Fifth Grade—Miss Ekstrom  
The unit on discovery and exploration was brought to a close with a written test. Colored pictorial maps using design were made under Mrs. Imhoff's supervision. Work including the Chesapeake Bay Region and the New England Region is beginning to develop. We have already studied the geographic factors of these regions, and now we will relate this work to the unit just finished and develop the historical growth of the regions.  
The class is reading the Child Story Readers for supplementary reading. This is an excellent set of work-type readers.  
Narrative poetry is the type of poetry read by the class now. The epic and ballads have been read and discussed.  
In science the class is learning about the social habits of some insects and animals.

Sixth Grade—Miss Jeffery  
Two new bulletin boards were put up in our room. On one board we have a News' Event Map. This is a world map. Any interesting news article found in a paper, magazine or from the radio is placed beside the map and a string is drawn from the article to the place on the map where the event occurred.  
We are making a freeze of "Rip Van Winkle" for our front bulletin board.  
Portfolios have been completed for each individual's work.  
The sixth grade girls meet every Tuesday night for "Glee Club." Violet Norton was elected president and Betty Gray in Miss Ream's sixth grade was chosen secretary.  
Many new books were received as Christmas gifts and have been brought to our library so the whole class may enjoy reading them.  
Doris Fuller wrote and directed a play "John Lewis Self Reliance." It was presented at the auditorium period last Friday. The cast was: Mother, Shirley Gess; John, Roland Ingelright; Miss Moore, the teacher, Violet Mortem; pupils, Dorothy Rouse, Bill Chase, Dorothy Young, Mary Myers, Wilma Lee, and Denny Lyon.

Twenty-eight pupils have dental work.

With a total of ninety-two sittings, at each of which either a cavity was filled or a tooth pulled, twenty-eight pupils have had all necessary dental work completed.

Cuckoo's Annual Migrations  
The cuckoo's annual migrations extend from India and tropical Africa to beyond the Arctic circle.

### ADVICE TO THE LADIES

By June Hartline  
When little baby comes to school, she's always clean and sweet, her hair is brushed, her ribbons tied, and everything is neat.

Her stocking seams are always straight.  
Her shoes are shining, too.  
In fact her things are always nice. Although she has but few.

It's not the girl with silks and furs,  
That always looks the best,  
But rather one whose things are clean,  
And always nicely pressed.

### Seniors Select

#### Best Citizens

At the meeting of the senior class a secret ballot was taken to determine the three girls who are the best citizens. The ballots were given to the faculty and Martha Trapp was found to have the most votes. The prize is a free trip to Lansing.

The contest was sponsored by the Daughters of the American Revolution.

### 1939 Annual to Have Noxel Form

The school annual, "The Pines," will surpass even the excellent ones of other years this year. The pictorial narrative style has been adopted. This is new in annuals and will tell the story of the school year in pictures and story.

Howard Dillman and Ruth Jean Haslett are the picture editors; Bob Habicht is the editor; and Rex Hungerford and Delos Watson are the business managers.

### Typists to Write Personal Letters

Miss Quade's typing classes are studying the use of typing in informal and friendly correspondence.  
"Too often typing has been considered only useful for business letters, but it now has an accepted place in personal correspondence," Miss Quade says. The pupils are also experimenting with the theme idea.

### Select Juniors For Drama Parts

The big moment for the juniors came when the cast of 18 characters came to be chosen for the annual junior play. Even now the complete cast is not entirely selected; however, the following people have definitely been chosen by Miss MacNeil and Mr. Elbers for the play entitled "Growing Pains," by Aurania Rouveral: Bill Edmie, Duane Beadle, Lorraine Fletcher, Evelyn Briney, Johanna Burks, Betty Ryan, Ralph Rosenberg, Norma Yoder, Monabelle Dretzier, Dick Pierce, Betty Batchelor, Dick Penwell, Paul Ewing, Elayne Blaney, Eleanor Naugle, Bill Gregory, and Dick Neal. There are nine extra couples.  
Mr. Rizer is in charge of building scenery for staging the play.

### Hobbyhorsemen

Collecting rings keeps Catherine Wynn interested. Her favorite ring is a silver one with an Indian design meaning "Happiness and Health." Another well-liked one is plain hammered silver with a small "C" raised on it. She has a bracelet to match.  
Catherine receives rings from

friends and buys some herself. Several of her more than twenty-five rings are souvenirs of trips she has taken to other parts of the country.

### History Notebooks Receive High Marks

Mrs. Whitman's tenth and eleventh grade pupils attained a high average in their marks on their notebooks.

These notebooks have been kept since the beginning of the year. The pupils clip interesting pictures or articles that have to do with the subject they study, and paste them in the notebooks. Several persons handed in two notebooks, one being found too small for all the clippings collected.

### TED UPHAM WILL RETURN SOON

Ted Upham, who was rushed to hospital for an emergency appendicitis operation three weeks ago, is reported to be recovering rapidly. He will return to school in about a week.

Bounties Attracted Volunteers  
Volunteers were attracted to the Colonial army in the Revolutionary war by bounties of money, land and clothing.

# Here's a HOT number for COLD winter days

EYE OPENER! With all its extra value, this Buick sedan lists at \$51 less than a year ago!

- NO OTHER CAR IN THE WORLD HAS ALL THESE FEATURES
- \* DYNAFLASH VALVE-IN-HEAD STRAIGHT-EIGHT ENGINE \* BUICOL TORQUE-FREE SPRINGING
- \* GREATER VISIBILITY \* HANDSHIFTS TRANSMISSION
- \* ROOMIER UNSTEEL BODY BY FISHER \* TORQUE-TUBE DRIVE \* TIPTOE HYDRAULIC BRAKES
- \* CROWN SPRING CLUTCH \* "CATWALK-COOLING"
- \* OPTIONAL REAR AXLE GEAR RATIOS \* FLASH-WAY DIRECTION SIGNAL \* SELF-BANKING KNEE-ACTION FRONT SPRINGING

TAKE it out on a clear, crisp day when the frost nips through the sunshine and there's tingle in the air!

Put it up against a long pull—a brief, brisk dash—a twisting, winding trail!

We want to show you, mister, how much fun winter could be—if only you had a Buick to make your going sure and carefree!

You'll press on the treadle—and find the thrill of the ski-run in the burst of ready power from the barely whispering, great eight engine.

**TUNE IN!**  
Hear Clem McCarthy's blow-by-blow description of the Joe Louis-John Henry Lewis Championship fight! Watch papers for time and listen in with Buick's compliments.  
ALL NBC STATIONS!

You'll swing around a curve—and find the poised sureness of the figure-skater in the way this Buick answers, even on winter's slippery roads.

You'll brace yourself for a rut or bump—only to discover that BuicOil springing has already ironed it out. You'll look out over the wide horizon—and know winter's beauties better through windows that let you see!

In short, you'll have fun! All-winter fun! Fun unspoiled by the fussing and fretting it takes to keep an old car running.

You'll start when you want to start, stop when you want to stop. You'll have a car

that's new, and fit, and sound; batteries, brakes, engine, tires—they'll all be at their best at the time you need them most!

Why not enjoy this winter for a change? This Buick, you know, is easy to buy—costs less than a year ago, less than you'd expect, less even than some sixes.

And, we might add, it's easier to get deliveries now than it will be later when the rush is on. We hope we'll be seeing you—very, very soon!

# "Better buy Buick!"

JOHN F. RUSSELL, Inc.

### Episcopal Guild

The Episcopal Guild will meet at the home of Mrs. George Deming Friday, January 20.

### Townsend Club

The Townsend Club met Monday evening at the home of Mr. and Mrs. Bert Dalrymple, an excellent talk by Elder J. W. McKnight of Gallen on "Peace" being the feature. Bunco was played afterwards, prizes going to Fred Wright, Mrs. Myra Hess, Mrs. Fred Wright.

### Presbyterian Home Service

The Presbyterian Home Service department will meet Tuesday of next week at the home of Mrs. Lester Lyon. The speaker will be Franz von Hellen of Bridgman who will talk on the present situation in Europe.

### Recreation Group

Arrangements have been made for time following 4 p. m. each Thursday, beginning today for children of the 4th, 5th, 6th and 7th grades in the Presbyterian recreation program at the church.

### SELL THE CLASSIFIED WAY

### University Press Studies the State Administrative Bd.

The State Administrative Board in Michigan is the subject of an historical study just published by the University of Michigan Press. A unique institution in American state government, the Michigan State Administrative Board which was established in 1921 was a marked departure from any previous attempt at a state-administrative reorganization. No other state has entrusted so many important powers to a board of elected officials. In this study, Dr. George C. S. Benson, director of the University's Curriculum in Public Administration, and Edward H. Litchfield, fellow in political science, examined the board and its workings over its whole history.

### Voice of the People

Let The Dissatisfied Leave The editor of the Chicago Daily News, a couple of weeks ago, made what he called "a fair proposal" to the hundreds of thousands and

possibly millions of people who enjoy all the privileges and liberties of this land, whether they be American citizens or not, and who still seem to be dissatisfied.

The proposal is that they exchange places in Russia or Germany with people who might like to continue living there but who are not wanted there. The editor of the News believes that the United States Government would receive overwhelming popular support if it addressed anti-Americans among us as follows:

By your speeches, your writings and your actions, you have made plain your dislike and dissatisfaction with our institutions, our economy, our mode of living. You leave no room for doubt that you think some form of fascism or Communism would be superior to our system of popular democracy. Under these circumstances we will make you a definite proposition. We will do everything possible to facilitate your removal from the United States to any of the countries that already enjoys a system of government that you like better than our system, and for every one of you who leaves the United States we will gladly accept, in your stead, one of the democratically-minded people in Germany who are being driven from their homeland because of race or religion. "Now, understand, this would not be put up to you with an 'or else' tagged on to it. This is not Nazi-Germany nor Communist-Russia. We recognize your right to do your own thinking, and to speak or write, your thoughts. We are not afraid of what you can do. But why stay here, loving Nazism or Communism, when you are free to go where they flourish? All you do is keep out some one who would give everything he possesses to get a chance to enjoy the democracy that you despise."

Why isn't that a fair proposition? If it is fair, but nevertheless you refuse to indicate that you would avail yourself of it, how much conviction do you think your speeches, or writings, will carry with those whom you try to convert to your way of thinking? —O. S. V.

Cruelty to Little Girls Editor Record:

There is a Humane Society that arrests people for cruelty to animals. One may well wonder if there ought not to be one against cruelty to children when they see mothers sending little girls out in January weather with their legs naked to their thighs. We read of mothers in India throwing their children into the Ganges river as a sacrifice to their idol, God. How much better is it to sacrifice them to the god of fashion. Is it for looks? They surely look ridiculous, over poor little spindling crooked bare legs. The Children's Friend.

### Merchant Sold on Advertising

Poorman started his River street store four years ago in his present location, soon achieving a reputation for push and enterprise. This was never so forcibly illustrated as three years ago this coming spring when his store, stock and fixtures were destroyed by fire. Things looked black but not for long. Representatives of Bursley & Company of Fort Wayne, the buying agents of the Home Store Chain, considered him too good a representative to lose and they came to the rescue with the offer of fixtures from an empty store in Elkhart. Within four days he had reopened in a small building formerly used as a barbershop adjacent to his site and was back in business again, meanwhile dickering with contractors for the construction of a larger building of modernistic store architecture to replace the one destroyed by fire. At first Poorman was not an advertiser, but his conversion came through experimental use of newspaper space with a close check on results. This was especially true in the results of advertising announcements of "Saturday Specials." Omissions one week of the announcement brought a rush of phone calls that stalled business. That settled that.

The advertisements which have been used by Poorman have been designed and laid out by M. E. Dake, advertising manager for the Record. They have come very favorably to the attention of the district heads of Home Stores, and have been used by them as models for the advertising of other store units.

They have also come favorably to the attention of "Plus Business," an advertising service magazine, the editor of which wrote the following appreciative letter to Dake:

January 10th, 1939  
Mr. M. E. Dake  
Advertising Manager  
The Record Company  
Buchanan, Mich.  
Dear Mr. Dake:  
Yours of January 7th was anything but a disappointment, regardless of the fact that you were unable to send on the tearsheets I had requested. In fact, your letter of January 7th was a delightful surprise and one which most def-

"Filling Prescriptions is the Most Important Part of Our Business"

nity will have a place not only in "PLUS BUSINESS" but in an exhibit of image building ideas that the New York Press Association has asked us to prepare in their annual Convention soon to be held in Syracuse.

I think I am going to have your letter photostated as is, blown up somewhat and pasted down on mounting board on which will be shown several of the tearsheets you sent along.

The brief story that you tell in that letter is a perfect example of smart image building and the ads themselves are excellent indication of the fact that the advertiser is satisfied and happy. Congratulations on the 2,500 inch contract for 1939.

Thanks very much, and again my congratulations to you for a nice job well done.  
Sincerely yours,  
Joseph A. Bernstein.

"Here's the kind of dividend I like!"  
You can earn it in 1939!  
3% Current Rate

Who wouldn't like the rate of return we've just paid with our latest dividend checks? It represents investment without gamble, a safe, conservative investment at a rate attractively high in these days of meager yield on so many investments. You can have this kind of return in 1939 by starting now with us! A dollar will open an account. Regular savings or lump sums can be added, as you choose. Our plan is flexible to suit your needs. Let this friendly local institution help you plan for greater savings in 1939.
