Wild Bill Hickok
Theme of a Great Hollywood Serial

What is believed to be the finest serial shown at the Hollywood theatre for a long time is the 15-chapter delineation of the career of Wild Bill Hickok, beginning Friday and Saturday, March 17 and 18.

The new film offers a vivid picture of the westward drive of civilization in the United States after the Civil War, paying especial attention to the constant struggle of the advancing outposts of civilization to maintain themselves against the dual menace of lawless renegade whites and vengeful, blood-crazed Indian savages.

Gordon Elliott, for his resemblance to known portraits of the quick-shooting frontier peace officer, was selected by Columbia to portray Wild Bill Hickok. Important personages in the dramatic chapter picture are played by Carole Wayne, Frankie Darro, Acute Collins, R. Scott Ates, and Kenneth Duncan.

The two-gun marshal of Abilene, Kansas, sometimes called the toughest town in the world, is seen in characteristic examples of his daring and initiative, including the foiling of a plot to ruin the Texas cattle trade for which Abilene was an important terminus.

A prairie fire, in which the prairie became a fiery inferno for thirty miles, is but one of many dramatic incidents for which Columbia sent an expedition troupe from Hollywood to Utah to film realistic atmosphere.

Dizzy in Donegal
One Man's pass on Slieve League, Donegal, Ireland, is the only place in the world where one can lie on one's face in the grass and look down a drop of 2,000 feet to the sea below.

Pilate's Ghost Pales
Tourists who climb the slopes of Mount Pilatus in Switzerland have long forgotten that it was not till the sixteenth century that anyone approached it. Pilate's ghost was supposed to hover there.

Use of Term 'Honeymoon'
The first weeks after marriage came to be termed "honeymoon" from the custom of an ancient German people who, for 30 days after a wedding, always drank mead mingled with honey.

New Rear Door Safety Catch

Many sedan drivers, whose minds are never completely at ease when children are alone in the rear of the car, will welcome a new rear door safety catch which has just been made available to Chevrolet owners. The tiny device is simple and inconspicuous but effectively prevents the opening of the rear door from the inside until the front door has been opened. The little unit is fastened with a set screw to the edge of the front door but has no effect on its operation nor upon the closing of the rear door from the outside.

GALIEN NEWS

Gustave Bohn Dies

Gustave Julius Bohn, was born in Germany Jan. 13, 1850, and passed away at his home in Galien, Mich., March 8, 1939, aged 89 years 1 month 23 days.

At the age of 19 he came to America. He was for several years engaged in farm work near New Carlisle, Ind. About 60 years ago he settled on the farm on which he resided during the remainder of his life. At first the acreage was well with timber, which he cleared off to make the present farm.

On January 24, 1884, he was married to Caroline Abel. She passed away December 25, 1926. Surviving him are four children: Mrs. Emma Norris, and Miss Minnie Bohn, Galien; Mrs. Clara Hollins, St. Petersburg, Fla.; and Charles Bohn, Galien. One sister also survives him, Mrs. Amelia Ernsperger, Dayton, Mich. The funeral was held Saturday afternoon at 2 o'clock at the home and 2:30 at the Olive Branch church, conducted by the Rev. R. O. Moon. Miss Gladys James, and Mrs. Lester Olmstead accompanied on the piano by Mrs. Myrtle Keefer, were in charge of the music. Pallbearers Fred Straub, William Newitt, Vivian Ingles, Will Janesch, Fred Andrews, Elba Unruh. Burial in the Galien cemetery.

Children in Court

By Judge Malcolm Hatfield

Inadequate Homes. The problem of children moving

from one community to another in a house trailer is adding to the complications which now beset those who are interested in delinquency prevention. Such children usually do not remain long enough in any one spot to benefit by the public opinions existing in any specific locality. Only the undesirable characteristics of a given neighborhood are absorbed as a result of continual moving.

On the other hand, it cannot be assumed that all youthful delinquency will cease as soon as children are removed from house trailers and the slum areas. Living conditions and delinquency are not so closely affiliated that it can be presumed that delinquency will cease once the house trailer and slum area are eradicated. Such reasoning is not based on facts, for approximately half as many youngsters from rural areas become delinquent as do children from the city.

Delinquent children are usually not only underprivileged, but they are often supervised by ignorant parents, who are unable to develop sufficient ingenuity to correct, guide and counsel them properly. Such children come not only from large families and broken homes

but they are often found in the better neighborhoods where every opportunity for advancement is afforded.

This leads to the conclusion that where the family is functioning successfully it is possible to rear law abiding children even though outside influences tend to disrupt the teachings of the parents. However, it would be much simpler for parents in all sorts of environments to counteract unwholesome outside influences if adequate recreational activities were provided.

Named as State Future Farmers

Three members of the local F. F. A. chapter Ted Uphan, James Hemminger, and Bob Olsen, have been suggested by Mr. Langer for State Future Farmers. Ten or twelve boys are chosen from the state each year for this honor. The requirements are high scholastic standing, outstanding work in athletic and social functions, and outstanding progress.

There are three divisions of the F. F. A. They are: Chapter Future Farmers, County Future Farmers, and State Future Farmers. All members of the local chapter are County Future Farmers.

Freshmen Stage Big Swap Day

Twenty-five advertisements by freshmen who wanted to get rid of useless articles were posted on the blackboard of Mrs. Dunbar's room last week.

The articles ranged from a pet frog to bracelets. Even a white rabbit was listed. Pupils read one another's advertisements Monday on Tuesday brought their possessions to school.

ATTEND COOKING SCHOOL

The Home Economics girls attended a demonstration of the local gas company in the American Legion Hall Thursday of last week, from two o'clock to four.

F. F. A. WANT WORK

Mr. Langer announces that if anyone wishes fruit trees or grapevines pruned, the F. F. A. boys will be glad to do it.

F. F. A. Cage 5 Undefeated

The F. F. A. local chapter has had dual meets thus far with Berrien Springs, Three Oaks, Galien, and Eau Claire for basketball. They are still undefeated.

LIFE BEGINS AT 70

Member of the house of commons at Ottawa, Mrs. George Black, 73, was elected to that position three years ago. Though elderly, she is as active as she has ever been. Attending the Alaska-Yukon Pioneers annual banquet in Seattle, she sparkled with jovial humor.

Prepare to Write Letters to France

The Junior French class has recently sent to the James Peabody Institute of Nashville, Tennessee, for the names of French correspondents. One-third of the class, however, will have their names sent to France. They will therefore receive the first letter.

Talks to Lower Grades on Rabies

Tuesday of last week Mrs. Lamb talked to the lower grades about rabies and the Pasteur treatment. She warned them to avoid strange dogs, or at least report to a doctor if bitten.

7th Grade Stages Radio Broadcasts

Friday (two weeks ago) the seventh grade gave a radio broadcast. Max MacKahan, who has built several radios, brought his to school. The class spoke over his microphone.

The special entertainers were: Julia Rouse, who sang "The Red Bud Trail"; June Johnston, who gave a short story, "Snowbound"; Janet Haslett and Nellie Chain sang "Ferdinand"; Minna Missler recited a poem. Phyllis Sherwood was the announcer.

Impose Taboo on Hall Strollers

At a teacher's meeting several weeks ago, it was decided that too many students went strolling in the hall during class periods. A new ruling provides that no student shall leave the classroom unless he is equipped with an admitt from his teacher.

Dewey Avenue School

First Grade—Miss Miller
Many of the children have returned after illness. Attendance is almost normal.

Billy Forgue in the fourth grade made a stop and go sign for the First Grade to use. They wrote him a letter of thanks.

Kindergarten—Miss Anderson
Jesse Geary's name has been added to the dentist honor roll.

We have about finished redecorating our room.

Second Grade—Mrs. Wilcox
We are enjoying the books "The Dutch Twins" and "Happy Days in Holland."

We have a new reader that Miss Graves sent us called "Down the Silver Road."

Third Grade—Mrs. Fischner
Our sick people are gradually coming back to school. We had but one absence today.

Billy Maggart brought us a large oriole's nest for our specimen table. It is fastened to a branch and shows the soft little nest inside.

Our girls and boys are enjoying the Clover stories in the Activity Magazine. They bring old copies from the library and from home in addition to the one we have at school.

Fourth Grade—Miss Quickel
Willis Hurley's name has been added to the Dental Honor Roll.

Yvonne Mikessell is reading "The American Twins of the Revolution" to us every morning.

Special Room—Miss E. Reams
Junior is painting our Nature shelves we made from orange crates.

Evelyn and Dorothy Liska have moved to Dayton.

Bud Kakin brought some very interesting fish.

Our zinnia seeds have sprouted.

Grade News

Second Grade—Miss Fritz
Our lieutenants for the next six weeks are Edwina Trapp and Jack Bischoff.

We are learning how to talk over the telephone.

Third Grade—Mrs. Helm
The Science class in Mrs. Helm's Second Grade has been studying the Winds. Then in Art class the children cut out sailboats and the following poem was learned in Language class.

"I," said the boat.
"I like the wind,
Just let it blow and
I'll my sails, and away I'll go."
Donald Bailey is painting a bird house for the room.

Arnold Lemke brought some black skin so that we can continue our study of cloth.

Fourth Grade—Mrs. Fuller
Robert Virgil brought his pet Bantam hen to school one day. She was so tame that she walked about the room and then rested on Robert's desk.

John Van Deusen brought a raccoon skull, Bobby Stark, a small bale of cotton, David Coultas, a box turtle, and Danny Herman and Robert Virgil brought a buffalo skin. These all proved very interesting topics for a discussion in Science.

Fifth Grade—Miss Elstrom
The fifth grade gave a demonstration lesson for the Mother's Club on reference materials. Most of the period was spent on Dictionary drill. Other reference materials familiar to the class are Compton's Pictured Encyclopedia, The World Book, World Almanac, Bible with a Concordance, Anthology of Literature, Atlas, Sound Geographic Magazines, and the Reader's Guide.

FINES ENFORCED

All students who owed fines found it necessary either to pay the fines or return the books due. No marks are given to those who have fine records.

COMPLETES RADIO SET

Having recently completed the radio he has been building, Howard Dillman, a member of the science club, is entitled to take a rest.

Also working on a similar machine is John Huff.

The home economics club for boys went to the South Bend Natatorium Tuesday for a swim.

Bridgman Organizes Library
Good books and magazines will soon be freely accessible to people in every part of Lake Township according to the report of the Bridgman Township Library committee which met Friday afternoon in the Gast store.

Among the members of the committee are the following: Rev. O. H. Knoll, Mrs. F. C. Stahelin, Rev. Frederick Williams, A. E. Chauncey, Mrs. William C. Gast, Mrs. Karl Coons, James Harris, Harry Liskey, Carl Groth, F. C. Reed, and Russell Jennings.

In outlining plans for a library unit the value of State Aid was stressed. Today libraries are recognized as a part of the state's educational structure and may share

In State Aid grants. During the past year Buchanan, Eau Claire, and New Buffalo were among the new public libraries in Berrien County qualifying under this act, so that they received 7 1/2 cents per capita for the population which maintained such libraries.

On March 15 Miss Marjorie Millman, St. Joseph City Librarian, will address the Bridgman Woman's Club on the subject "Advantages of a Public Library."

With active library committees working for State Aid in a number of townships including Benton, Chokamaing, Lincoln, New Buffalo, Pipestone, Soda, and Galien, Berrien County promises to be one of the outstanding counties of the state in this movement to provide better library service. Under the act the extension and promotion of library service depends to a great extent on the interest and support of the community.

Two Amendments Up at Spring Election
There will be submitted to the electors at the Biennial Spring Election, April 3, 1939, two proposed amendments to the Constitution.

Amendment No. 1 provides that in all primary elections and in elections of Justices of the Supreme Court, Judges of the Circuit

Courts, Judges of Probate Courts and all County Judicial offices, provided by the Legislature under Section 21 of Article VII of the Constitution, shall be non-partisan. Nomination for these offices will be made at primary elections. Nominating petitions for candidates shall be filed at least 35 days prior to such primary election. Nominating petitions for Judge of the Circuit Court shall be filed with the Secretary of State and for all other Judicial offices affected by this amendment with the county clerk. There will be a separate ballot used in the primary election for the election of these Judges. There will be no party designation used by the incumbent or other candidates. This proposal will add a new Section to Article VII of the State Constitution.

Proposal No. 2 provides for the vesting in Circuit Court Commissioners, such powers as exercised by Justices of the Peace. It gives the Legislature power to elect one or more persons in each organized county with judicial power, not exceeding those of a Circuit Judge at chambers with judicial powers of a Justice of the Peace with power to hold court and perform judicial acts anywhere in the county. This proposal would amend Section 21 of Article VII of the State Constitution.

Amendment No. 1 provides that in all primary elections and in elections of Justices of the Supreme Court, Judges of the Circuit

WASTEFUL DUPLICATION OR UNITED EFFORT

SUPPOSE the Michigan Bell Telephone Company maintained its own separate research laboratory in which to develop improvements in telephone service. And suppose each of the other 23 telephone companies of the Bell System did the same.

All these laboratories probably would be trying to solve the same problems; this would be wasteful duplication of effort and expense which would increase the cost of your telephone service.

In the Bell System, Bell Telephone Laboratories does the research work for all. Each company pays only a fraction of the cost, but gets full benefit of a research program that no one company could afford to maintain.

This economy is one of the advantages of our membership in the Bell System. It is an important reason why all America, including you in Michigan, enjoys the best, most reasonably priced telephone service in the world.

MICHIGAN  BELL TELEPHONE COMPANY

You are cordially invited to visit the Bell System exhibit at the Golden Gate International Exposition, San Francisco, California.

Built for ACTION.

PRICED the same way!

The model illustrated is the Buick SPECIAL model 41 four-door touring sedan \$996 delivered at Flint, Mich.*

\$894 AND UP delivered at Flint, Mich. *Subject to change without notice. Transportation, state and local taxes (if any), optional equipment and accessories—extra.

FIRST time we saw the blueprints for this Buick thirty-niner we knew we had something pretty special for folks who like action in their travels.

as much as 412 square inches bigger—and it had style that has already altered the pattern on many another car-stylist's drawing board.

It had eight eager cylinders in a mighty Dynaflex engine—and they could make a scared jack rabbit eat dust whenever the word was given!

So we looked it all over—and went a step further. We decided a car so plainly meant for action needed to have a price that would get action for it!

It had a ride we promptly dubbed "full floa"—its stout coiled springs are now 15% softer in the rear, you know, and hooked up, in front, with Knee-Action that banks curves for you.

Now it isn't easy to build such a traveler—rich in reliable Buick quality clear down to the metals it's made of—and still give it a price that rubs elbows with the sixes.

It had a view, a gorgeous view, from windows and windshields

But look around, match up the price tags, and you'll find that this great straight-eight lists for less than some cars with two fewer cylinders!

That's why we're anxious to have you try Buick—it's a car with a winning way about it, and a winning price tag in the bargain!

Better buy Buick!
