## BAND FAIR

Was Not as Largely Attended as Was Hoped For.

### MANY CONTESTS CLOSED

For Which Pretty Articles were Presented.

The Band Boys of our village planned greatly in opening a Fair in the Opera house expecting it would receive the patronage of all the citizens.

Last Tuesday night was the first evening. Quite a large number were present and with about the same attendance throughout the week.

Three booths were neatly arranged in which the goods donated were displayed and sold.

Thursday evening a contests was opened for the most popular young lady present which was given Miss Mabel Carroll.

Friday evening a musical and literary program was offered, but many of those who had promised to take part was unable to do so owing to severe colds. Friday evening, those assisting in the program were Mrs. W. L. Mercer, Mrs. H. Parrott, Mrs. E. S. Roe, Dr. C. B. Roe and O. P. Woodworth. All were greatly appreciated. Another contest was opened after the program and continued until the last evening. This was for the most popular young lady clerk in town.

Saturday evening much of the goods which remained unsold, were disposed of at auction; after which Mr. B. H. Hollister rendered a number of selections on the mouth organ and guitar; Mr. Hollister responded to two encores and the selections were greatly enjoyed.

A number of articles were sold by chance and the lucky numbers drawn awarded to Harry Binns, a pair of vici kid shoes; Mrs. G. E. Smith, a beautiful waste basket; Mr. W. P. Carmer, a toilet set; Claude Rynearson, a shaving set; James Provan, a clock; Rex Lamb, a lamp and the most costly article was drawn by Supt. W. L. Mercer, who received the beautiful writing desk, donated by the Buchanan Cabinet Co.

The Band boys wish to thank all those who contributed to the Fair and all who so kindly assisted them in all things.

While this Fair was not what was hoped for and anticipated, the boys expect to bring something new before the public in the future which they hope will meet with the approval of all and trust that those who did not assist the time, will feel so disposed at the next.

At 10:30, closed the contest for the most popular lady clerk which was awarded to Miss Flossie Bunker, an estimable young lady of our village and an employe of J. Cohl & Co.

The contestants and number of votes received were:

Miss Flossie Bunker 147  
Miss Susie Butler 148  
Miss Kit Kingery 58

The prize awarded was a most beautiful vase, donated by J. Cohl & Co. to the Fair.

The boys netted the sum of \$27.77 which amount will be used toward new uniforms for next summer.

### HAS INCREASED RATE

### New Freight Schedules in Force on Michigan Central.

Washington, Nov. 28—The Michigan Central has filed with the interstate commerce commission a new freight tariff schedule between New York and Chicago, making an increase of 5 cents in the export rate on provisions and of 5 cents for dressed meats both for domestic and export. The new tariff will be effective January 1 next.

The tariff on provisions is thus raised from 95 to 30 cents per 100 pounds, and on dressed meat from 40 to 45 cents. The increase means a difference of some hundreds of thousands of dollars to shippers.

It is expected all the other roads in the Central freight association territory will file similar tariffs, and increases in many other articles are expected.

### Report from the Reform School

J. G. Gluck, superintendent Pruntytown, W. Va. writes: "After trying all other advertised cough medicines we have decided to use Foley's Honey and Tar exclusively in the west Virginia Reform School. I find it the most effective and absolutely harmless." Sold by W. N. Brodrick.

## A NARROW ESCAPE.

Dr. R. W. Culver Fires Shot, Thinking Someone Attempting Burglary.

### RECEIVES A SEVERE WOUND.

Miss Alice Slate, a Domestic Servant, Narrowly Escapes Death.

Considerable excitement was aroused last Wednesday evening at the home of Dr. R. W. Culver on Day's avenue, when the home of the Dr. almost became the scene of a great tragedy.

Dr. Culver has, for the past few weeks, been selling his goods at a great reduced price, as he is closing out his stock, expecting to leave in a short time for the East and knowing that a large sum of money was taken home from the store, he was on the lookout for robbery. Late in the night, he was aroused by the noise of someone walking below, and hastily secured his revolver and stepped to the top of the stairs, when he saw someone walking at the foot of the stairs. The doctor asked them to halt, but the object still proceeded, seeming to ascend the steps. The doctor, imagining he heard the click of a revolver, fired, and was greatly surprised to hear the screams of a woman. Mrs. Culver hastily lit the lamp and discovered that it was their hired help, Miss Alice Slate, about fifteen years of age, who the doctor claims is somewhat hard of hearing and failed to hear the doctor's "halt". The shot grazed the girl's forehead, causing a scalp wound.

Dr. Culver immediately ran to the neighbors, asking assistance, and as soon as possible secured the services of Dr. Garland, nothing serious is anticipated, and all is being done by Mr. and Mrs. Culver for the girl.

It is said that if the girl had been one step higher, the shot would have caused immediate death. Great excitement prevailed for a time.

## REV. HAMILTON

Former Pastor of the M. E. Church Passed Away last Saturday.

The members of the M. E. church as well as those who attended services there last Sunday were deeply grieved when a dispatch sent to I. L. H. Dodd was read which announced the death of Rev. S. L. Hamilton, so efficient a former minister of the M. E. church.

Rev. Hamilton and family reside in Los Angeles, Cal. at which place he died. Most every citizen remembers Rev. Hamilton for his kindness and goodness toward every one, and we all regret deeply to hear of the departure of one who so earnestly and willingly labored among all people.

We will give our readers more next week, as we were unable to receive full particulars for this weeks publication.

### Neighborhood Dinner.

Among the many dinners served last Thursday, one of the most pleasant was what is called a "neighborhood dinner", given at the home of Mrs. Lou Smith on South Portage street.

Twenty-five sat down to the table, overflowing with good things and all partook heartily, especially of the old-fashioned English plum pudding, so delicious, prepared by Mrs. B. Miles. This was a rare treat, as no one present had ever enjoyed such a dish before. In the evening an oyster supper was served, and a number of visitors together with those who partook of dinner, of which all indulged freely.

It was indeed a day of pleasant associations, and all truly wished that Thanksgiving would come oftener. We wonder how many neighborhoods could enjoy such a dinner, in which there are no hard feelings.

### Victim of Paralysis.

Mr. J. A. Kirk, who has been a great sufferer of paralysis for the past year, left Saturday evening for Rhoads Island, where his parents are located. Mr. Kirk sustained a stroke of paralysis some time ago, which rendered him speechless and has since gradually failed in health and thought a trip to his parents would be of benefit. Mrs. Kirk accompanied her husband.

## "INDIAN POWWOW"

A Special Evening's Entertainment Held at

### AN "INDIAN RESERVATION"

Beautifully Prepared by the Thirty Club

The special meeting of the 30 Club is held this evening in the Pears-East building, and arrangements have been made to make this one of the most enjoyable evenings of their history.

The subject selected for the evening is "Indian Powwow."

The hall is most beautifully decorated and so very appropriately, and the ladies in charge are truly worthy of great praise.

Eight Indian wigwams have been placed around the room, each being equipped with the photo of an Indian, blankets and all things necessary to complete the Indian home.

A number of ground cushions are also found about upon which the Indians may rest after drinking of the cool water secured in the Minnie Ha Ha Spring. A number of Navaho blankets adorn the walls and many Indian relics are also on exhibition. A camp kettle also hangs in readiness.

The costumes, consisting much of genuine Indian paraphernalia, is something which cannot be described to be appreciated. They are exceedingly rich.

The 30 Club with their husbands and friends have planned greatly for this occasion and seemingly everything has been done necessary for such. Upon entering the room one may really feel that an Indian reservation has been reached.

A program will be rendered as follows: Song dance, Mrs. Blake: reading, Mrs. Kingery; selection, Mrs. Rough, with piano accompaniment; a selection by Mrs. Hall, an original story "Soenes on the old St. Joe."

At the close, all the Indians will select Squaws and share in an Indian march. Refreshments also appropriate for the occasion will be served.

### INITIATORY SERVICES

Held at Patricians Hall last Wednesday Evening.

A pleasant evening was spent by the Patricians of this place last Wednesday evening when six candidates, Henry M. Dilling, Ida Markley, Kate Gilbert, M. E. Gilbert, Richard Markley, E. L. Ballard, received the secret work of the order.

Deputy F. M. Van Horn and Mr. De Witt of Benton Harbor was present at this most pleasant evening's work.

Neighboring members were also present. After the initiatory work a fine banquet was served.

Other candidates have been balloted on and in a short time will be greeted as members of the Order of Patricians. All present enjoyed a most pleasant evening.

### SOLD HIS OFFICE

Dr. C. B. Roe will be Succeeded by Dr. John Butler.

Dr. C. B. Roe, who for the past three years has been a most efficient dentist in our midst, has sold his office to Dr. Jno Butler of Indiana Harbor.

Dr. Roe will retain his place of business until about the 15th of January when Dr. Butler will take charge. Dr. Butler is a graduate from our High school and completed his course in dentistry at Ann Arbor, a year ago. We welcome Dr. Butler among us and hope that the citizens will call and give him a hearty hand shake and their patronage.

Dr. Roe as yet, does not know what the future has in store for him. We regret to lose him as he has ever been ready to assist in whatever was asked of him, and in his dental parlors he has aimed to please his customers, treated them kindly and given the best of satisfaction.

### Woodmen Take Notice.

Friday evening, Dec. 5, is the annual election of Camp officers. Every member is interested and should be present. Refreshments will be served.

W. F. RÜNNER, Clerk.

## Extraordinary Underwear Values

It's a mighty proud thing for a big store like this that always buys in big quantities to say that it has already practically sold out its first purchase of winter underwear. It seems that winter has only just begun yet a week ago our stocks were so badly demoralized that it really alarmed us. It proves, if it proves anything, that our goods were right and our prices were right. It also proves that our advertisements are read—that people believe in them and come here to buy.

Yesterday, we unpacked another immense line of heavy underwear. If you will believe us they are better values than our original line and to be sold for less. Manufacturers are alarmed over the continued unseasonable weather and are glad to sell their reserve stocks for any old price. We know that's not their habit but this year is an exceptional. Here's the proof.

ROOT MAKES REPORT

Secretary of War Tells of Needs of the Army.

Urges Appointment of a General Staff - Favors Permanent Militia System - Advantages of the Canteen.

Washington, Dec. 1.—The annual report of Secretary of War Elihu Root says that on October 15, 1902, the army of the United States consisted of 3,856 officers and 66,003 enlisted men, making a total of 69,859. On October 24, 1902, an order was made reducing the enlisted strength to 59,866. This reduction will have been accomplished in the most economical way before the end of the current fiscal year, and in the main accomplished during the next 30 days. The effect of carrying out this order will be to bring the American troops stationed in the Philippines down to an enlisted strength of 13,450. The distribution of the army will be as follows when this reduction is completed:

Table showing army distribution: Philippines 13,450; Coast artillery in United States, Cuba and Hawaii 12,293; Field artillery in United States 3,220; Nine bands and sergeants major 300; Cavalry in United States 3,540; Infantry in United States 45,615; Infantry in Peking 150; Infantry in Alaska 230; Staff departments 2,977; Total 59,866.

With the execution of this order the regular army will have been reduced to the minimum of enlisted strength, which, in the judgment of congress, a wise policy requires us to maintain as an insurance against future attack.

Among the most important suggestions in the report is one for the establishment of a general staff of officers, acting independently of the administrative staff of the army, whose duty it shall be to direct and superintend the movements of an army of invasion. Still another is for the establishment, through act of congress, of a permanent militia as an adjunct of the regular army.

The Canteen.

Referring to the operation of section 38 of the act of February 2, 1901, which prohibits the sale of beer and light wines in post exchanges, I said in my last report that a great body of reports had been received which indicated that the effect of the law was unfortunate, but that I thought a sufficient time had not elapsed to give the law a fair trial, and that the observation and report of its working would be continued during the ensuing year. A great number of additional reports have now been received, and they confirm the impression produced by the earlier reports. I am convinced that the general effect of prohibiting the use of beer and light wines within the general area of the army post is to lead the enlisted men to go out of the post, to frequent vile resorts which cluster in the neighborhood, to drink bad whisky to excess, and to associate intimately with abandoned men and more abandoned women; and that the operation of the law is to increase drunkenness, disease of the most loathsome kind, insubordination and desertion, and moral and physical degeneration.

Trade in the Philippines.

The trade of the islands has been greatly hampered during the past year by the ravages of rinderpest, causing a mortality in some provinces of over 90 per cent. among the carabao, and a consequent shortage of food crops. Business in many sections has been seriously interrupted by an epidemic of cholera, yet the imports for the fiscal year 1902 were greater than in any previous year in the history of the archipelago, and exports were exceeded in but two previous years, 1870 and 1880. The total merchandise, exclusive of gold and silver and government supplies, imported during the fiscal year 1902 was \$52,141,842, as against \$30,279,406 for the fiscal year 1901 and \$20,601,436 for the fiscal year 1900, and the total value of merchandise exported during the fiscal year 1902 was \$23,927,679, as against \$23,214,948 for the fiscal year 1901 and \$19,751,068 for the fiscal year 1900, an increase of six per cent. in value of imports for the fiscal year 1902 over the fiscal year 1901 and of 56 per cent. over the fiscal year 1900, and an increase in the value of exports for the fiscal year 1902 over the fiscal year 1901 of three per cent., and over the fiscal year 1900 of 21 per cent. The imports from the United States amounted to \$4,035,243 in 1902, as against \$2,855,635 in 1901 and \$1,657,701 in 1900, or an increase for the past year over 1900 of 143 per cent. The value of merchandise exported to this country in 1902 was \$7,691,743, as against \$2,572,021 in 1901 and \$3,522,160 in 1900, showing an increase in favor of the latest period over 1900 of 118 per cent.

SO PRESUMING OF HIM.

With Only \$75,000 a Year He Had No Reason to Expect That He Had a Chance.

The yellow moon hung by its crescent hook against the starlit azure of the September sky, and the night was dreamy, delicious, divine, says the New York Herald.

The man and the maiden walked beneath the silent stars and listened to the purple music from the dusk. Her jeweled fingers rested lightly on his arm, and he felt there as trembling harp-strings feel the touch of angel hands that summon forth the soul's high harmonies. His heart beat fast and the red blood ran riot in his veins, for love had placed its challice to his lips and he had drunk his fill. He had not spoken, but he felt the spirit of the hope that makes man dare do anything and now this night of nights should see him conqueror of the maiden's heart.

"A penny for your thoughts," he whispered, bending low to look into her sweet, soft eyes.

"More?" she murmured, looking up at him to let those blue eyes fall again.

He caught her hand in his and let his full heart flow.

"All I have in the world," he said, emphatically.

"Too little," she responded, with firmness.

And then he knew that some of his hated rivals had told her he had but \$75,000 a year income and no rich relatives.

He Got It.

The man with the cinnamon colored beard was observed standing at the counter and looking at the bottles on the shelves in some perplexity of mind.

"What is it?" said the druggist.

"Isn't there an organization of Methodist young people?" asked the man, "that's named after some place where John Wesley used to live?"

"You mean the Epworth league?"

"That's it!" exclaimed the customer, his brow clearing. "Give me five cents' worth of Epworth salts."—Chicago Tribune.

CATARRH OF LUNGS.

A Prominent Chicago Lady Cured by Pe-ru-na.

Miss Maggie Welch, secretary of the Betsey Ross Educational and Benevolent Society, writes from 328 North State street, Chicago, Ill., the following glowing words concerning Peruna:

"Last fall I caught the most severe cold I ever had in my life. I coughed night and day, and my lungs and throat became so sore that I was in great distress. All cough remedies

nauseated me, and nothing afforded me relief until my doctor said rather in a joke, 'I guess Peruna is the only medicine that will cure you.' 'I told him that I would certainly try it and immediately sent for a bottle. I found that relief came the first day, and as I kept taking it faithfully the cough gradually diminished, and the soreness left me. It is fine.'—Maggie Welch.

# RECOMMENDATIONS FOR NAVY-- REPORT OF POSTMASTER GENERAL.

Secretary Moody Strongly Urges the Need of More Officers for Our Warships--Secretary Payne Recommends Legislation for His Department--Reports of Director of the Mint and Internal Revenue Commissioner.

Washington, Nov. 29.—Provision by which at least 1,000 additional officers will be secured for the navy in the next four years, the addition of 3,000 enlisted men at once, and the building of two new battleships and several minor ships are among the recommendations in the annual report of Secretary of the Navy William H. Moody. Among these recommendations the one on which Secretary Moody lays by far the greatest stress is that for the increase in the number of officers. He says: "The most imperative need of the navy to-day is of additional officers. I cannot overstate this need. It invites the instant attention of congress. The administration of the department is embarrassed almost daily by the lack of officers below command rank. This condition has been approaching for some years, and was clearly apprehended and stated by my predecessor in office. It is acute to-day, and, when the ships already authorized are completed, it will be desperate unless there is early action."

Of the general importance of improving the navy, Secretary Moody says:

"Among the most important lessons learned in the war with Spain was that a modern navy cannot be improvised during a war or upon the threshold of a war. The time best suited to the development and perfection of our navy is the time when there is neither war nor threat of war."

"The country approves, with hardly a dissenting voice, the policy of strengthening our power upon the sea. What would have been an adequate navy some years ago is totally inadequate for the performance of the duties growing out of our new possessions in the Pacific and Atlantic and the determination of congress to construct a canal across the isthmus."

"If, then, the policy of strengthening our power upon the sea to the point where it can respond to the national needs be not abandoned, there must be additional naval and coaling stations, more ships, fighting and auxiliary, and an increase of officers and men."

"After most careful consideration, I believe it to be my duty to recommend a continuance without interruption of the increase of ships."

Of the other features of the secretary's report this criticism of the builders of some of the new vessels of the navy for the slow progress of their work is especially important. He does not rest content with the excuses that strikes, non-delivery of material and the scarcity of skilled labor are responsible, and says significantly: "The department has notified contractors that they will be held to accountability for failure to push forward the work of construction with due diligence, if such failure shall occur, and particularly for any delays which may at any time be caused by preference being given to private over public work."

## WORK OF THE MINT DURING THE PAST YEAR.

Washington, Nov. 28.—George E. Roberts, director of the mint, in his annual report says: In number of pieces the coinage of the year has never been exceeded, aggregating 191,419,306, but in value it has fallen from \$136,340,781 in 1901 to \$94,525,678, this being due to the greater demand for the small denominations. Gold coinage dropped from \$99,065,715 to \$61,050,572, but the stock of gold bullion on hand increased from \$100,219,493 to \$124,053,712. The coinage of silver dollars amounted to \$79,402,800, subsidiary silver coins to \$10,713,569, and minor coins to \$2,429,736. The original gold deposits of the year amounted to \$132,580,539. Gold bars taken for export amounted to \$36,332,678, and for domestic consumption \$14,452,578. The gross expenditures on account of the mint service, including loss by wastage, was \$1,910,503. The earnings from all charges and incidental gains, exclusive of seigniorage, aggregated \$357,568. The seigniorage realized in the manufacture of 1 and 5-cent pieces amounted to \$1,919,370.

The director says the increased capacity of the mints at Philadelphia and San Francisco and the prospective opening of the new mint at Denver will give the country a much greater coinage capacity than it has heretofore had, and that the pressure on the mints is about to relax instead of increase. The coinage of 1,600,000 silver dollars a month, now required by law, will come to an end soon by the exhaustion of the stock of bullion.

Francher Attends Football and Dies. St. Louis, Nov. 29.—Excitement caused by watching a local football game Thursday caused the sudden death of Rev. John J. Barth, of the German Methodist Episcopal church, by apoplexy. This was the first football game he had ever witnessed. He was 55 years old.

Death of a Prelate. London, Nov. 27.—Most Rev. John MacVilly, Roman Catholic archbishop at Tuam and primate of Connaught since 1881, died Wednesday at the age of 85 years.

Washington, Nov. 28.—The annual report of Postmaster General Payne is made public. It shows the total receipts of the department for the year 1902 to be \$121,548,047.56, as against \$111,631,193.39 in 1901; total expenditures for 1902, \$124,765,697.07, as against \$115,554,920.87 for 1901; excess of expenditures over receipts, 1902, \$2,937,649.51; 1901, \$3,923,727.48—a decrease in the deficit from the previous year of \$956,077.67. The estimate of the revenues and expenditures for the fiscal year ending June 30, 1904, which has been transmitted to the secretary of the treasury, is \$132,514,371; appropriation for 1903, \$135,416,598; estimated deficit for 1903, \$5,602,227; estimated revenue for 1904, \$144,767,664; estimated expenditure for 1904, \$153,010,520; estimated deficit for 1904, \$8,242,856.

The postmaster general recommends to the consideration of congress legislation along many lines, including the following:

That the extension of free delivery to towns of not less than 5,000 population, or \$5,000 gross annual postal receipts, be authorized.

That the maximum fee for a money order be fixed at 25 instead of 30 cents.

That the interstate commerce law be amended to prohibit common carriers, to wit, telegraph and express companies, or any of their employees, from aiding and abetting in the green goods or lottery swindles, or any other scheme carried on partly by mail and partly by common carrier and which is in violation of the postal laws.

That the department be authorized to adopt a system of postal checks.

That a statute be enacted authorizing the receiving and dispatching of certain classes of mail matter without the necessity of affixing postage stamps to individual pieces.

That an act be passed conferring upon the department specific authority to introduce a system of reply postal cards and envelopes.

## ANNUAL REPORT OF COMMISSIONER OF REVENUE

Washington, Nov. 26.—John W. Yerkes, the commissioner of internal revenue, in his report for the fiscal year ended June 30, 1902, says that by the two acts abolishing war revenue taxes internal revenue taxes have been reduced about \$100,000,000. There has been, however, an increase of revenue from taxes laid on distilled spirits and other objects that were not affected by revenue legislation.

The receipts of the bureau for the fiscal year ended June 30, 1901, were \$306,871,669, and for the fiscal year ended June 30, 1902, \$271,867,990.

By an act of congress of June 27, 1902, provision was made for the refunding of taxes paid upon legacies and bequests for uses of a religious, charitable or educational character, for the encouragement of art, etc., under the act of June 13, 1898. Refunding claims on this account amounting to some \$435,000 have been allowed already, and it is believed the total amount that will be refunded under this law will amount to some \$640,000. Congress having provided for the payment of a drawback or rebate on all original and unbroken factory packages of smoking and manufactured tobacco and snuff and cigars sold by manufacturers or dealers on the first of July, 1901, 49,364 claims have been paid, the rebate being \$3,105,511.

In addition to the claims for refund or rebate presented, there have been filed during the fiscal year, 1902, 4,743 claims for abatement of taxes assessed. Of these 3,557 were allowed, amounting to \$4,187,651, and 440 claims amounting to \$449,294 were rejected or returned for amendment. In 1901 the total production of spirits was 128,568,201 gallons; in 1902, 132,843,802 gallons. In 1901, in round numbers, 100,000 gallons of tax paid spirits were withdrawn; in 1902, 104,000,000.

It is estimated that the receipts from all sources of internal revenue for the current fiscal year 1903, will aggregate \$220,000,000. The statement of receipts for the months of July, August and September, 1902, would appear to indicate that the receipts for the year will be largely in excess of the above estimate, but these receipts are regarded as abnormal.

The report shows that during the year revenue agents seized and destroyed 1,094 illicit stills and arrested 1,086 persons for violations of the revenue laws. During that time one agent was killed in a raid and two were wounded. One hundred and sixteen registered distilleries were reported for seizure during the year, 68,117 gallons of spirits were reported for seizure, the total value of the property involved being \$153,894.

Football Player Dies of Injuries. Westchester, Pa., Nov. 29.—Charles Carr (colored), 21 years of age, of Philadelphia, died at the Chester county hospital from injuries received during a football game Thursday. Carr's neck was injured in a mass play, and he was rendered unconscious.

Passed Away. San Francisco, Nov. 26.—Capt. A. P. Mordaunt, who is credited with having made the first discovery of pay gold at Nome, died in this city Tuesday.

## MILBURN RESIGNS.

Blind Chaplain of the United States Senate Voluntarily Quits His Position.

Washington, Dec. 2.—Rev. W. H. Milburn, the blind chaplain of the senate, who is now in California, has forwarded his resignation to President Pro Tem Frye. It will be placed before the senate to-day. His successor will be elected by the senate. Mr. Milburn, in his letter to Senator Frye, says ill health compels him to retire from the position, and he adds: "It is with deep sorrow that

REV. W. H. MILBURN.  
(Blind Chaplain United States Senate.)

I have come to this decision, as it was my cherished wish that, under the favor of the senate, I should conduct its religious services during the remainder of my days."

## LEADING LADY SLAIN.

Former Member of Mansfield's Company Kills Kate Hassett, of Keith's Theater in Philadelphia.

Philadelphia, Dec. 2.—Barry Johnston, an actor known throughout the country, and who until last Saturday played Cassius to Richard Mansfield's Brutus in "Julius Caesar," shot and killed Mrs. Kate Hassett, leading woman in Keith's Eighth Street Theater stock company, here, Monday night. The tragedy was committed in the presence of a large crowd at Darlen and Wood streets. Johnston then attempted suicide and it is believed he cannot recover. Five bullets were fired by Johnston at his victim. One pierced her left arm and the other went through her left breast, causing almost instant death. Then he shot himself through the breast, and the doctors, while saying the wound is not necessarily fatal, believe it is so.

Jealousy is the motive assigned to the tragedy. Both Johnston and Mrs. Hassett were married, but both lived apart from their respective spouses. Johnston had been paying considerable attention to her, but she had tried to avoid him. He came here from New York Sunday, but was unable to see her until Monday evening after the theater. Then he followed her and shot without warning, preceding the deed with the words hissed into her ear: "You have been untrue to me."

## BURGLARS FOILED.

Piney Cashier Fretch's Robbery of South Dakota Bank—Thieves, One of Them Wounded, in Custody.

Sioux City, Ia., Dec. 2.—An unsuccessful attempt was made to burglarize the Bank of Aurora at Aurora, S. D., Monday morning. Electric alarms were sounded, and two burglars were captured, one of them being shot twice in the leg. The alarm awoke Henry Kelsey, the cashier, who hurried to the bank with a rifle. The burglars tried to escape, going towards Brookings. Kelsey shot one, and he crawled into a straw stack. The other burglar came to town and gave himself up, telling where his companion was hiding, and he was also captured.

## AWFUL BARBARISM.

Turks Reported to Have Committed Terrible Atrocities in Macedonia.

London, Dec. 2.—According to dispatches received here the Bulgarian newspapers are publishing stories of horrible atrocities by the Turks in Macedonia. Children are reported to have been torn to pieces in the presence of their parents; men have been roasted alive, and others tortured with red-hot moulds placed on their heads. Many peasants are said to have been starved to death.

## Will Submit Nominations.

Washington, Dec. 2.—The president will to-day submit to the senate nominations for the appointment of 169 postmasters. Of these 52 are in cases where appointments already had been made during the recess of congress, and 46 are to fill vacancies caused by death, resignation or removal of incumbents. In 61 cases the commissions of the incumbents have expired, or are about to expire, and in 62 cases the offices have been advanced to the third class and the appointment of the postmasters vested in the president.

Takes Kelly to St. Louis. Harrisburg, Pa., Dec. 2.—Gov. Stone has honored the requisition of the governor of Missouri for the return to St. Louis of Charles F. Kelly, former president of the House of delegates of St. Louis. Detective McGrath left at once for Philadelphia to take Kelly to St. Louis.

Agreement Restored. Washington, Dec. 2.—It is announced at the state department that the international copyright agreement with Spain of 1893 has been restored to full effect by an exchange of diplomatic notes.

## ARE LOST IN A STORM.

Vessels Founder on the Lakes During a Gale.

Total of 29 Lives Lost—Steamer Charles Hebard and Schooner Aloha Lost in Lake Superior—The Celtic in Lake Huron.

Sault Ste. Marie, Mich., Dec. 2.—Three vessels were lost in the furious gale which swept over Lakes Superior and Huron last Saturday night, and 26 men and three women were drowned. The following vessels were lost:

Steamer Charles Hebard, owned by Holland & Graves, Buffalo, N. Y., crew of 13 men and woman cook.

Schooner Aloha, owned by same firm; crew of six men and woman cook.

Schooner Celtic, owned by Spence Bros., of Cleveland; crew of seven men and woman cook.

Driven on Rocky Shore. The steamer Charles Hebard was driven on the rocky shore at Point Manassas, Lake Superior, and the crew of 13 men and a woman cook have not been heard from since. It is feared all have perished.

The schooner Aloha, one of the three vessels that were being towed by the Hebard, broke away during the gale, and has not been heard from. The Aloha had a crew of six men and a woman cook.

## Lost in Lake Huron.

The schooner Celtic was in tow of the steamer Runnels and broke away during the height of the gale when in the north end of Lake Huron. When the weather cleared the Runnels searched all along the east shore of the lake from Duck islands northward to Detour, finding no trace of the Celtic.

The Celtic carried a crew of eight, but a list of their names cannot be obtained. With the exception of the officers a complete shift in the personnel was made when the vessel was at Buffalo. The only members of the crew known to be on the missing boat were Capt. H. Jeffries, of Detroit, and Cook Margaret Quirk, of Marine City.

## No Hope for Bannockburn.

There is no longer hope for the safety of the Bannockburn and its crew of 20 men. The death knell to the hopes of the relatives of the crew was sounded Monday when a dispatch was received from the captain of the tug Boynton, stating that he had traversed the entire shore where the missing steamer was believed to have been stranded. No trace of the steamer or crew was discovered. As the waters of Lake Superior reach their greatest depth at that point it is probable that none of the bodies will ever be recovered. Lake Superior never gives up its dead.

## Twenty-Eight Reported Dead.

Brussels, Dec. 2.—There is an unconfirmed rumor that the Belgian steamer Leopold has foundered in the North sea and 28 persons have been drowned.

## CUT IN ESTIMATES.

Appropriations Asked by Secretary Shaw for the Year Ending June 30, 1904, Aggregate \$589,189,112.

Washington, Dec. 2.—The secretary of the treasury has transmitted to congress the estimates of the appropriations required for the government service for the fiscal year ending June 30, 1904, as furnished by the heads of the several executive departments.

The total appropriations asked for are \$589,189,112, which is \$21,635,576 less than the estimates for 1903 and \$38,050,014 less than the appropriations for that year.

Following is a recapitulation of the estimates by departments, cents omitted.

Legislative	\$11,508,483
Executive	319,600
State department	2,678,826
Treasury department	172,818,223
War department	130,958,976
Navy department	84,758,798
Interior department	168,918,818
Post office department	10,382,436
Department of agriculture	6,680,150
Department of labor	152,220
Department of justice	7,431,900
Grand total	\$589,189,112

## The Congressional Library.

Washington, Dec. 2.—The annual report of Herbert Putnam, librarian of congress, shows that during the past fiscal year the fees from copyrights aggregated \$64,687. The total number of books in the library is 1,114,111 volumes, of which 172,750 were duplicates. The accessions to the library during the year were 51,971 printed books and pamphlets, 62,910 manuscripts, 986 maps and charts, 34,401 pieces of music, 20,676 prints and 1,961 additions to the law library.

## Unwilling to Arbitrate.

San Domingo, Republic of Santo Domingo, Dec. 2.—The Dominican government has informed United States Minister Powell that it could not agree to submit the points of disagreement with the improvement company to international arbitration. The question involves the payment of \$4,500,000 by the government to the improvement company, an American concern.

## Reward Offered.

Madison, Wis., Dec. 2.—A reward of \$500 has been offered by Gov. La Follette for the arrest and conviction of the persons who set fire to the Wickinson residence at La Grange, Walworth county, the night of October 2. In this fire three of the Wickinson family perished.

## Hitch in the Plans.

Shanghai, Dec. 2.—Another hitch has occurred in the evacuation of this city by the foreign garrisons. The commanders of the German and French troops declare they will not leave before February.

## THE BANKRUPTCY LAW.

Some Interesting Information Regarding Its Operation During the Year.

Washington, Dec. 2.—A report on the practical operation of the bankruptcy law for the last year has been submitted to the attorney general by F. C. Brandenburg, in charge of such matters for the government. The aggregate number of voluntary petitions filed during the year was 16,374, against 17,000 in 1901, and 20,000 in 1900. During the same period 2,103 involuntary petitions were filed. The states showing the greatest number of voluntary proceedings were New York, 1,906 cases, and Illinois, 1,814; Alabama, 1,436; Massachusetts, 1,408; Maine, 860; Ohio, 770, and Iowa, 685. A year ago Illinois led the list with 2,266 petitions. The smallest numbers filed were one case in Alaska, six each in Arizona, New Mexico and Porto Rico, seven in Nevada, 11 in Hawaii, 20 in Delaware, and 29 in Idaho. Of the cases called during the year 1,320 were in behalf of farmers, 6,859 wage earners, 2,585 merchants, 235 manufacturers, 531 professional men, and 1,758 contractors, hotel and saloonkeepers, real estate men and others of a miscellaneous character not included within the classes enumerated.

## VICTIM OF PARALYSIS.

Death in New York City of Thomas Henry French, Well-Known Dramatic Agent.

New York, Dec. 2.—Thomas Henry French, the publisher of plays and dramatic agent, died here Monday night from paralysis. He had been ill about two weeks. Mr. French was 54 years of age. Mr. French for years was associated with his father in publishing plays of all kinds, and carried on the business after his father's death. He was manager of the Madison Square garden when it was opened, and later of the Grand opera house. He built the Broadway and American theaters. He produced the plays "White Lies," "Silver King" and "Little Lord Fauntleroy," and organized and managed the Lillian Russell opera company. He also was the representative of the Theatre Royal in Drury lane, London.

## PLEADS GUILTY.

Farmhand Acknowledges a Murder After Trying to Fasten Crime on Victim's Wife.

Des Moines, Ia., Dec. 2.—At Iowa City Monday Charles Holada pleaded guilty to murder in the second degree. James Gallagher, a farmer, was shot while he slept one night last spring. His wife, Mrs. Ella Gallagher, and Holada were indicted for the crime. Holada had been in the employ of Gallagher. Mrs. Gallagher was tried first, and Holada was a witness against her, testifying that she told him it was her intention to kill her husband. Holada's testimony was badly riddled, and Mrs. Gallagher was acquitted on October 4. Holada's trial was called Monday.

## MAIL SACK MISSING.

It Is Thought to Have Been Stolen with Its Contents Valued at Over \$23,000.

Danville, Ky., Dec. 2.—A sack of mail containing \$14,000 in drafts and checks from the internal revenue office here and \$9,000 in bank checks and drafts, besides registered letters from various parties, was stolen or lost between the Danville post office and the depot, or on the Cincinnati mail train ten days ago. James Hocker, the carrier, says he delivered the sack to the mail agent on the train, but the mail agent says Hocker did not. It was after dark, and there were a large number of sacks, and the general impression is that the sack was stolen at the depot.

## Seeks Compensation.

Rome, Dec. 2.—In the chamber of deputies Foreign Minister Prinetti announced that Italy was opening negotiations with the United States with a view to securing compensation for the relatives of Italian emigrants who have been killed while employed in America, and that he hoped to get an equitable interpretation of clause three of the existing treaty. The Italian government, the minister added, also intended to pay a share of the expenses of any lawsuit undertaken by Italian subjects in this connection.

## Going Backward.

Washington, Dec. 2.—Unsatisfactory reports have come to the state department in regard to the sanitary condition in Havana. Gen. Wood's reports that for 1889 and 1900 show that the Cuban city was exceedingly healthy as a result of the American methods of sanitation enforced. The state department is advised that a relaxation of this system is taking place gradually but surely. The sanitary inspectors are said to be more lenient, and there are numerous violations of sanitary laws.

## Lovers the Record.

Detroit, Mich., Dec. 2.—Barney Oldfield, of this city, driving Tom Cooper's gasoline racing automobile at the Grosse Point track, lowered the world's one mile automobile record for a circular track to 1:01 1-5, and the five-mile record to 5:20.

## Women Shot.

Pittsburg, Pa., Dec. 2.—Mrs. Lizzie Wilson was shot and killed and Ruth Stein fatally wounded in a Colwell street resort. The shooting was done, it is alleged, by an unknown man, who, a few minutes after, fled the house and has not since been seen.

## MICHIGAN STATE NEWS.

To Satisfy Conscience. At the annual meeting of the Lapeer County Farmers' Mutual Fire Insurance association in Lapeer President John Dodds explained that he had received from a member of the association nearly \$2,000 conscientious money, with the stipulation that he would not reveal the identity of the man who returned the money. The repentant individual says that the loss had been paid a number of years before, and that the amount returned included interest in full as well as principal. He confessed that he had employed a second party to burn his property while he was away from home, so that he could obtain the coveted insurance without fear of detection.

Killed Himself. The body of Noah Hale, who shot and killed his son Frank in Sault Ste. Marie, October 3, has been found under a pile of brush within two miles of his former home. It was discovered by two hunters. Beside the body was the gun which Hale took with him as he rushed from home the day of the murder. A string attached to the trigger was also attached to Hale's foot, showing that he had adopted that device to fire the gun and kill himself.

Love Leads to Tragedy. Because Bertha Sheldon had allowed another man to escort her home from the store where she is employed G. A. Darlington, packer for the Ann Arbor Organ company, and a student in the university school of music, shot her in the arm and then fired a bullet into his own head, dying almost instantly. Darlington was from Strathcona, Ont. He served with the Canadian soldiers in the South African war and was about 24 years old.

Died in Utah. Judge Jabez G. Sutherland, formerly one of the most prominent lawyers of Utah, and author of several standard works of law, died at Berkeley, Cal., aged 77 years. He was a member of the constitutional convention of Michigan in 1850, a member of the Michigan State legislature in 1850, and for seven years circuit judge of the tenth district of that state. He also served as congressman in the forty-second congress.

Sugar Factories. Indications are that the upper peninsula will not only soon be supplying its own demand for sugar, but will be shipping many tons to outside markets. The establishment of three large factories is in prospect. One of these, to be erected at Menominee, is assured, and the indications point to the success of similar projects at Sault Ste. Marie and Gladstone.

Lost Life for Money. Mrs. Walter Knickerbocker, aged 63 years, living at Mena Creek, Oceana county, was burned to death and her husband, aged 50 years, was fatally injured in a fire that partially destroyed their residence. Mrs. Knickerbocker was in the barn when the fire broke out and ran into the burning house and upstairs to get a trunk that contained \$300.

Fatal Quarrel. Charles Allen shot and killed Reed Cornell at Romeo. Allen was walking along the street with Miss Anna Forsythe when Cornell drove up in a carriage. Hot words followed. In spite of the protests of a companion, Cornell leaped from the buggy and advanced toward Allen. The latter whipped out a revolver and shot Cornell, killing him.

Quick Justice. Joseph Beck, the confessed murderer of 10-year-old Julia Wozniak, whom he killed in his blacksmith shop in Menominee September 28, was brought before Circuit Judge Stone, pleaded guilty, and was sentenced to hard labor for life in the branch state prison at Marquette, all in 20 minutes.

News Briefly Stated. Genesee county probably leads the country in naming and marking country roads. All of them have received their names, and markers have been sent out to be placed at the corners to guide the persons who may be looking for a particular farm.

Louis Goodridge, of Negaunee lost his left leg while hunting. The State Sunday School association has raised \$3,370 in pledges for the carrying on of the work of the state organization.

The cooperative laundry at Saginaw, the only one in the United States, it is said, has proved a failure and the plant is shut down.

Michigan met and defeated Oberlin at Ann Arbor in the hardest fought football game played on Ferry field this year. The score was 63 to 0.

A syndicate composed principally of Marquette men has organized the Lake Superior Gold Mining and Milling company to operate the La Fortuna mine in Mexico.

While unloading a car at the cement works at Coldwater the workmen found the body of an infant child under two feet of coal.

The body of George Myers, of Cheshire township, was brought to Allegan. A party were hunting eight miles north of Newberry when one of the party, Galbraith of Lacota, took him for a deer and shot him through the heart.

George L. Frank, resident of Kochville township, dropped dead. He was well known, having lived in Saginaw county many years. His age was about 62 years.

The body of William Wyrang, aged 45, who has been missing from Benton Harbor since election day, was taken out of the canal.

## MARRIAGE.

### WOOD-SIXBEY.

Miss Grace Sixbey, daughter of Mr. and Mrs. William Sixbey, and Mr. Earl Wood, both of this place, were quietly married at Buchanan on Thanksgiving Day, Rev. Neirgarth, pastor of the Evangelical church, officiating. The news of the wedding will come as a surprise to the many friends of the contracting parties. Miss Sixbey is a much esteemed young lady, and a musician of considerable ability. The bridegroom is likewise very popular among a large circle of friends.—Niles Star.

### FRIDAY-CROSSMAN.

Miss Cora Crossman, teacher of the eighth grade of our public schools, and Mr. Phillip Friday of Coloma were quietly married, last Wednesday evening, at about 8:30, at their home on Chicago street. The ceremony was performed by Rev. J. W. Douglass. The bride's mother was present at the wedding and remained until after Thanksgiving day. Mrs. Crossman is an efficient teacher, and has become esteemed by all whom she has met. We wish the young couple happiness and abundance of success.

### KRASA-CHURCHILL.

Many of the young people were surprised, last Thursday, when Miss Jennie Churchill, a former Buchanan girl and honored by a large circle of friends, arrived in this place, and introduced to her friends a fine looking gentleman, Mr. Wm. Krasa, as husband. The ceremony was performed in Kalamazoo, last Wednesday evening. They came to Buchanan Thanksgiving morning to spend a short time with mother and other relatives, after which they departed, Friday morning for Benton Harbor being the guest of her brother, Rolla Barr, and family. Mr. Krasa has a large circle of friends in this place who join in wishing them happiness and prosperity.

### MARKS-ONSNIEMER.

Married at the home of Mr. and Mrs. J. J. Steel last evening by Rev. J. R. Neirgarth, Mr. H. F. O. Marks from Indiana and Joanna Onsnimer from this place.

### TWILLEY-HUDSON.

Through a letter received by Mrs. Fannie White, the announcement of the approaching marriage of her only sister, Mrs. Cora E. Hudson, better known by many here as Miss Epley, to Dr. W. S. Twilley of Colorado Springs, is made known. The wedding is to take place in Honolulu this month.

Both Mrs. Hudson and Dr. Twilley have been abroad for the past two years. They sailed from New York with Mrs. C. E. Durkes and Mrs. Ida Lyons, about two years ago, and the party has been almost completely around the globe. They have traveled all through Europe and Asia, spending some time in the Holy Lands. They are now in Honolulu, and the announcement of the marriage was sent from there. After the wedding Dr. and Mrs. Twilley will remain in Honolulu for the winter, returning home probably in June.

For a number of years Mrs. Hudson was secretary of the School Board at Colorado Springs. Dr. Twilley was a prominent dentist in that city for the past five years. He was at one time principal instructor in the Baltimore Dental college.

## A MICHIGAN HORSE

Has Just Been Purchased by President Roosevelt.

Washington, Nov. 28—Michigan has had another honor thrust upon her. She has been permitted to furnish one of the horses to be hereafter used by President Roosevelt. The president has just purchased this new horse to match his present carriage team, and will use it in the team in case of accident to either of those now in use. The new horse was purchased from a Baltimore firm and was secured in Michigan. It is a highbred Hambletonian, 5 years old, sixteen hands in height, of a beautiful bay color, with long flowing black mane and tail. The horse can trot in 2:40 and performs well either in single or double harness. It is in splendid physical condition and its conformation is all that could be desired.

## Take Fresh Air

Now they are telling an exceedingly funny story upon a local physician and one of his patients who lives north of town.

The doctor was called out hurriedly and left some tablets with the following written advice: "One tablet to be taken three times a day in any convenient vehicle."

The family looked in the dictionary to get the meaning of the prescription. They got on well until they came to "vehicle." To this they found sundry meanings attached—as cart, buggy, wagon and wheelbarrow. After grave consideration they concluded the doctor meant pills should be taken while the patient was riding out in some vehicle. Accordingly, not having any carriage they trundled the victim up and down in their wheelbarrow in the fresh air three times a day while he took his tablets. In the course of a few weeks the fresh air taken so regularly completely cured the patient.—Wakarusa Tribune.

## What Constitutes a Thoroughbred

A Washington correspondent writes thus to the New York Herald: "If Gov. Odell had been beaten," said a New York Republican who was in town the other day, "he would never have squealed. He's a thoroughbred and he's got his thoroughbred lesson from his good old father. One day, years ago, when the governor was a boy, his father said to him:

"Ben do you know what a thoroughbred is? Well I'll show you. See those two dogs? Well, this one—and he picked up an ugly-looking, low-bred pup and gave him a gentle shaking, causing yelps and barks and howls to rend the air—'this is not a thoroughbred.' Then he picked up the other, a fine looking, handsome, young dog, and shook him hard. Not a sound came forth.

"There, said the father, that's your thoroughbred, my boy. Be a thoroughbred and whatever happens don't squeal."

## School Notes.

Thanksgiving exercises were held in grades 3, 4, 5, and 6. About twenty visitors were present in each of the grades to enjoy the program. The other grades will have Xmas exercises.

Ten worthy and needy families of Buchanan were furnished with a generous supply of food and clothing by the pupils of the grades.

Charlie Marble leaves school to accompany his mother on her trip South. Charlie expects to enter the high school at Chataanooga.

## COUNTY CLIPPINGS.

Some time ago Albert Brunke of Benton Harbor got a judgment against his brother Eugene for \$8, and later Eugene secured a judgment against Albert for \$85. Both refused to pay the amount, but Albert is trying to collect his \$8 in shape of a body execution and therefore caused Eugene's arrest Saturday by Deputy Sheriff DeTamp, who took him to the county jail. The proceeding that Eugene must pay the \$8 or remain in jail thirty days, during which time plaintiff must pay the Sheriff the defendant's board for the time he spends in jail.

Sam Hanson of Benton Harbor, while on a hunting trip in the north woods, brought home a porcupine which was caught being lured into camp by a tame porcupine. It is an animal of peace, fighting only in self-defense.

The Benton Harbor News says that St. Joseph was the only city in the county that really had cause to be thankful Thursday. She has no pump controversy on hand and is not the proud possessor of a stone crusher with a history.

The insurance adjustors, who have been reviewing the burned paper mills, estimated the salvage at but \$280.00 in stock and the total insurance due the paper company at \$30,729.81.

John McCoy, of Benton Harbor started suit for divorce from Hannah J. McCoy Friday in the circuit court. They were married Feb. 19, 1901, in Benton Harbor and lived together one month. The complaint states that soon after their marriage Mrs. McCoy got mad at her husband, ordered him out of the house and enforced her order with a broomstick.

The St. Joseph police force demonstrated the fact that they are poor shots Friday. Three members of the force, Officers Lynch, Cole and Bort went hunting near Coloma Friday morning and with them went Ed. Wehrle and Frank Kibler. The crowd hunted all day and got one rabbit and two spring chickens. The chickens were mistaken for quail. One of the sportsmen is alleged to have crippled a bear and the wounded animal made a rush at the attacking party. Messrs. Lynch and Wehrle got gun shy and came home on the train, leaving their three comrades to drive back. Some unkind citizen of Coloma has said that it wasn't a bear at all but a cow. It is stated that the policemen will be put through a course of gun practice, in the future.

The prisoners in the county jail had a good square Thanksgiving dinner. They always get plenty to eat but Thursday as is the usual custom the sheriff's kitchen turned out something especially nice. The bill of fare at the

jail included soup, vegetables, salad, turkey with cranberry sauce, coffee and pie.

B. O. Johnson, aged thirty-five, for years the only veterinary surgeon in Benton Harbor, died Monday morning of typhoid fever. Mrs. Johnson, who had gone to Florida on account of failure in health, reached her husband's bedside only in time to be recognized.

**WONDERFUL WORK.**

Case No. 18,977.—David M. Bye, P. O. Address Box 297, Midland, Mich., says: "Three months I was almost incapacitated from labor; could not sleep at night; had to walk the floor, owing to terrible pain in the hips, in the small of the back, in my instep and ankle of the right leg.

"I was treated for sciatic rheumatism in the hospital, but received no benefit. One month ago I returned home and was given a box of Doan's Kidney Pills. To-day residents of this city can bear witness to the fact that I am able to work, and can also walk to my work without the aid of a walking-stick or crutch.

"In speaking of the immediate effect of Doan's Kidney Pills, I did not find them to deaden the pain, but quickly and surely to eradicate the cause of it.

"I am of the opinion that Doan's Kidney Pills is the best remedy for kidney ailments that can be procured. I was especially careful in my diet, in order to give the treatment fair play.

"In conclusion, I shall be pleased, at any time, to answer any inquiries regarding my case, from anyone desirous of obtaining it."

A FREE TRIAL of this great kidney medicine which cured Mr. Bye will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

**ABOUT POSTAGE STAMPS.**

Fifty thousand Christmas post-cards designed and printed in London have been ordered for sale on the continent.

The Japanese half-cent stamp, issued last year to take the place of the 5 rin, has been given the customary surcharge for use in the offices in China.

A New York firm recently purchased a document on which were affixed a \$30, \$100, \$500 and \$1,000 revenue of the 1898 issue in perfect uncut condition.

The German postal museum has just paid \$1,875 for a rare stamp—the 2d. blue Mauritius. This is about the highest price ever paid for a single stamp.

In Guatemala three provisionals have thus far been issued, pending the arrival of a new set. The one-cent blue revenue has been surcharged for postal use one cent and two cents, and the 25-cent carmine revenue has been converted into six-cent for postal use.

An eastern dealer recently found a fine used copy of the four-cent Columbian error (color of one-cent) in sorting several thousand used one-cent Columbians. This stamp is valued at \$25, unused, the entire supply being held by a London firm.

A sheet of the current 1p. Trinidad was printed without the value. A post office clerk sold six before the error was noticed, and these, it was afterwards ascertained, were used on correspondence to Barbados. What became of the balance of the sheet is not made known—easily the most important item in the episode.

Two exceedingly scarce stamps are the Great Britain 1sh., carmine and green, Queen's heads, surcharged "Government Parcels" and "I. R. Official." According to a writer in the Adhesive, the latter stamp was in existence only three months and is being sold for about four dollars. In an English advertisement fine copies are quoted at 7sh. 6p. The "Government Parcels" was not quoted in this advertisement.

**THE GAVEL FALLS.**

Last Session of the Fifty-Seventh Congress Begins—Little Business in Either Branch.

Washington, Dec. 2.—The senate was in session 12 minutes Monday, the first day of the session, an adjournment until to-day being taken out of respect to the memory of the late Senator James McMillan (Mich.), who died during the recess. Rarely has the historic chamber presented such an appearance as it did Monday. The custom of placing flowers on the desk of senators on the opening of a session is one which long has been followed, but the display Monday was admittedly the most magnificent of any that heretofore has been seen. Many of the senators were early on the floor, and kept busy exchanging greetings with old acquaintances. The galleries were packed to suffocation and hundreds stood outside the corridors anxious to gain admission. Among the interested spectators were several members of the diplomatic corps. Senor Quesada, the Cuban minister, occupied a conspicuous place and exhibited much interest in the proceedings. The absence of Rev. Dr. Milburn, the blind chaplain, was particularly noticeable. His place was taken by Rev. J. F. Pretymann, of Washington. No business was transacted beyond passing the customary resolutions that the senate was ready to proceed to business and fixing the hour of convening the sessions at 12 o'clock.

Washington, Dec. 2.—The opening of the Fifty-seventh congress in the house was, as usual, a spectacular event. The galleries of the freshly decorated hall were packed to the doors with people prominent in society and politics, and the flower show on the floor, although not as elaborate as usual, filled the chamber with perfume and added grace and beauty to the scene. The members were good natured and jovial, and there was no out-crooping of partisan feeling. Speaker Henderson received a cordial reception as he assumed the gavel, but beyond this there was no demonstration. The proceedings were purely perfunctory. A prayer, the calling of the roll, the swearing in of members elected to fill vacancies created by death or resignation during the recess, the adoption of the customary resolutions to appoint a committee to wait upon the president to inform the senate that the house was ready to transact business and to fix the daily hour of meeting, summarizes what was done. The death of the late Representative Charles Russell (Conn.), which occurred in the early fall, was announced by his successor, Dr. Brandegee, the usual resolution of regret was adopted, and the house, as a further mark of respect, adjourned until to-day, when the president's message will be received. The session lasted less than an hour.

Washington, Dec. 2.—A number of bills were introduced in the house Monday affecting commercial combinations, but none are administration measures. Several had been shown to Attorney General Knox, but he neither approved nor disapproved any of the proposed measures. It is expected that when the judiciary committee takes the bills up Mr. Knox will be invited to state his views.

A joint resolution offered by Representative H. C. Smith (Mich.) proposes an amendment to the constitution conferring on congress power to define, regulate, prohibit and dissolve trusts, monopolies, etc.

Representative Hepburn (Iowa), chairman of the committee on commerce, introduced a bill appropriating \$500,000 to be expended under the direction of the attorney general in the employment of special counsel and agents of the department of justice to conduct proceedings, suits and prosecutions in the enforcement of the Sherman anti-trust laws.

A bill introduced by Representative Snook (Ohio) aims at securing evidence in such suits, and provides that no one shall be excused from testifying. All measures on this subject were referred to the committee on judiciary.

Senator Cullom (Ill.) will introduce a Sherman law amendment forbidding transportation of articles made by concerns intended to monopolize or raise prices, outside of the state where made. Punishment is provided for companies carrying such articles.

**NATIONAL BANKS.**

Interesting Statistics of the System Gathered from Report of Comptroller of the Currency.

Washington, Dec. 1.—The annual report of William B. Ridgely, comptroller of the currency, has been prepared for transmission to congress. The report starts with a table giving a detailed statement of the resources and liabilities of all the national banks of the United States, as shown by the five reports of condition made in response to the call of the comptroller. From this table it appears that on September 15, 1902, the date of the last call, 4,601 associations reported, with aggregate resources of \$6,113,928,912.30. The loans and discounts amounted to \$3,208,127,480.69, or more than 50 per cent. of the total resources of the banks. The items of surplus and undivided profits amounted, respectively, to \$326,393,953.66 and \$169,216,512.03. The individual deposits reached the highest point in the existence of the national banking system, \$3,209,273,893.93. There was due to approved reserve agents, other national banks, state banks and bankers, trust companies and savings banks, the sum of \$1,200,341,233.39.

Regarding the growth of banking in the United States, the report states that in 1892 returns were received from 9,338 national and state banks and private banks and bankers, with capital and deposits aggregating \$1,071,073,048 and \$4,679,114,316, respectively. In July, 1902, reports of condition were received from 4,535 national banks, and on approximate dates statements relating also to 7,889 state and private banks and bankers. Adding to these the number of banks making returns only of capital and surplus for taxation, the deposits of the latter being estimated, it is shown that there are in active operation in the country 16,156 banks and bankers, with capital and deposits amounting, respectively, to \$1,340,160,416 and \$9,707,231,904. From 1863 to 1902 the banks have paid to the government, in tax on circulation, over \$90,000,000; on capital and deposits, from 1863 to 1883, nearly \$69,000,000; on capital and surplus, under the war revenue act of 1898, about \$7,000,000.

The report says that on February 25, 1903, the national banking system will have been in existence 40 years, and then proceeds at some length to give a history of the system during these years.

During the year ended October 31, 1902, 470 banks were chartered, with an aggregate capital of \$31,300,000, of which number 302, with capital of \$7,905,000, were of the smaller class, and 168, with capital of \$23,225,000, had individual capital of \$50,000 and over. There was an average of 1 1/2 banks organized on every secular day of the year.

These are in operation in the territory of Hawaii two national banking associations—one located at Honolulu and the other at Waikuku, on the island of Maui. The aggregate capital of these banks is \$325,000, their deposits \$646,938, and aggregate resources, \$1,489,310.

The First national bank of Porto Rico, at San Juan, was chartered on November 10, with capital of \$100,000, and a board of directors elected, who are citizens of the United States, and the requisite proportion residents also of the island.

The treasurer of the Philippine archipelago has transmitted to this office copies of reports of condition of banks and banking institutions doing business therein. The last statements submitted were for the close of the year ended June 30, 1902, and relate to the condition of 11 banks, including branches. The reported capital was \$1,400,000, the deposits \$18,122,366, and the assets \$29,914,459.

The aggregate banking power of the world is estimated at about \$27,045,000,000 an increase since 1890 of \$11,060,000,000, or 69.19 per cent.

Comptroller Ridgely favors a plan for giving elasticity to the currency system by allowing national banks to issue notes additional to those secured by government bonds, the new issue to be guaranteed by a reserve fund to be raised by a small tax.

The items of surplus and undivided profits amounted, respectively, to \$326,393,953.66 and \$169,216,512.03. The individual deposits reached the highest point in the existence of the national banking system, \$3,209,273,893.93. There was due to approved reserve agents, other national banks, state banks and bankers, trust companies and savings banks, the sum of \$1,200,341,233.39.

Regarding the growth of banking in the United States, the report states that in 1892 returns were received from 9,338 national and state banks and private banks and bankers, with capital and deposits aggregating \$1,071,073,048 and \$4,679,114,316, respectively. In July, 1902, reports of condition were received from 4,535 national banks, and on approximate dates statements relating also to 7,889 state and private banks and bankers. Adding to these the number of banks making returns only of capital and surplus for taxation, the deposits of the latter being estimated, it is shown that there are in active operation in the country 16,156 banks and bankers, with capital and deposits amounting, respectively, to \$1,340,160,416 and \$9,707,231,904. From 1863 to 1902 the banks have paid to the government, in tax on circulation, over \$90,000,000; on capital and deposits, from 1863 to 1883, nearly \$69,000,000; on capital and surplus, under the war revenue act of 1898, about \$7,000,000.

The report says that on February 25, 1903, the national banking system will have been in existence 40 years, and then proceeds at some length to give a history of the system during these years.

During the year ended October 31, 1902, 470 banks were chartered, with an aggregate capital of \$31,300,000, of which number 302, with capital of \$7,905,000, were of the smaller class, and 168, with capital of \$23,225,000, had individual capital of \$50,000 and over. There was an average of 1 1/2 banks organized on every secular day of the year.

These are in operation in the territory of Hawaii two national banking associations—one located at Honolulu and the other at Waikuku, on the island of Maui. The aggregate capital of these banks is \$325,000, their deposits \$646,938, and aggregate resources, \$1,489,310.

The First national bank of Porto Rico, at San Juan, was chartered on November 10, with capital of \$100,000, and a board of directors elected, who are citizens of the United States, and the requisite proportion residents also of the island.

The treasurer of the Philippine archipelago has transmitted to this office copies of reports of condition of banks and banking institutions doing business therein. The last statements submitted were for the close of the year ended June 30, 1902, and relate to the condition of 11 banks, including branches. The reported capital was \$1,400,000, the deposits \$18,122,366, and the assets \$29,914,459.

The aggregate banking power of the world is estimated at about \$27,045,000,000 an increase since 1890 of \$11,060,000,000, or 69.19 per cent.

Comptroller Ridgely favors a plan for giving elasticity to the currency system by allowing national banks to issue notes additional to those secured by government bonds, the new issue to be guaranteed by a reserve fund to be raised by a small tax.

Interesting Statistics of the System Gathered from Report of Comptroller of the Currency.

Washington, Dec. 1.—The annual report of William B. Ridgely, comptroller of the currency, has been prepared for transmission to congress. The report starts with a table giving a detailed statement of the resources and liabilities of all the national banks of the United States, as shown by the five reports of condition made in response to the call of the comptroller. From this table it appears that on September 15, 1902, the date of the last call, 4,601 associations reported, with aggregate resources of \$6,113,928,912.30. The loans and discounts amounted to \$3,208,127,480.69, or more than 50 per cent. of the total resources of the banks. The items of surplus and undivided profits amounted, respectively, to \$326,393,953.66 and \$169,216,512.03. **Spiro's, the Clothing Store That Leads...**

The fame of the good sort of ready-to-wear clothing at Spiro's has spread wonderfully. Helped much by town talk. A man sees his friend well groomed; the suit fits to perfection, the overcoat is style itself. Wonders if his friend has found a newly fine tailor, asks—and is told SPIRO'S.

Our business is constantly growing. The Spiro's clothing is interesting to groups of men who know good tailoring. Men who hitherto have been convinced that only a tailor-to-order suit was worthy consideration; and men who have wanted fine clothing but did not want to pay the price. Spiro's clothing satisfies both requirements. Saves men for the one, gives unaccustomed excellence to the other. It stands for finest tailoring, finest material, finest fit, finest style. Spiro's is the BEST clothing.

**Men's Furnishings**

This is a great store for a man to find what he wants in a hurry. Excellent variety, good values and always the latest novelties. Jump in get what you want quick as a flash, out again the same way; no delay. Union suits, special values \$1.00.

Our \$1 colored shirts, for men and boys, they're at the top of the heap—but so are the other things we sell, for that matter. Come in and see the new neckwear. There are some "stunners" in the variety.

If you want the best made clothing it is possible to get, the most style, the greatest variety of good patterns, the freshest goods, the novelties—if you want to save a few dollars on your clothes—come here. We can help you.

**Boy's Overcoats**

Boys like style, especially when they get it in their "teens." They notice. Ask where this or that friend got their suit or overcoat. They get to know fine points of clothing and which store gives most attention to the fine details that make their suits attractive.

**Spiro's Boys' Clothing is Best**

Because of the careful attention given to just such details. The boys' clothing here is just a little bit "different"—the difference that raises it above the level of ordinary kinds.
