

Wallquist's "Old Photos From the Local Area" Digital Album

repository: Local History Room, Buchanan District Library, Buchanan, MI (<http://www.buchananlibrary.org/local-history-room>).

finding aid: Composed by Peter Lysy, July 2016.

extent: 35.4 Megabytes / 32 Digital Folders / 892 Digital Files

history: In 2004, area resident Don Wallquist scanned 170 photographs, postcards, and documents from the collections of the Buchanan District Library, 61 postcards held by Mrs. Wanda Lolmaugh, and a further 19 held by Mrs. Aileen Handley. He digitally restored or enhanced them using Photoshop 8.0 CS, compiled them in an html-based digital album, and gave a copy of the album to the Buchanan Library.

scope and content: The 250 digital images in this album contain views from cities and villages across central and southeast Berrien County, Michigan, but the large majority focus on the Village of Buchanan. Most of the images date from the 1890s to the 1920s, with an emphasis on commercial, industrial, and civic buildings, street scenes, and public groups. Besides Buchanan, there are smaller numbers of images of Benton Harbor, Berrien Springs, Dayton, Galien, Glendora, New Troy, Niles, St. Joseph, and Three Oaks, Michigan, and of New Carlisle, Indiana. The digital album is available on computers in the Buchanan District Library.

An inventory of the images follows, organized by locality and then alphabetically by file name. These file names are listed exactly as they appear in the digital album. An "(E)" at the end of the file name indicates the image was enhanced and an "(R)" indicates it was restored.
