Summer Reading is again online using Wandoo Reader! Join us at the library for our Summer Reading Blast-off and register online, receive a free book, and gather other fun material.

We're mixing things up this year: for every 60 minutes you read, you will receive a ticket to redeem for prizes. You can redeem them each week or save them up for a bigger prize. You set your own reading goal! There will also be exciting new challenges each week that will earn you extra tickets.

If you can't make it to the library to register, you will be able to register online from the comforts of your home. Or if you don't have internet access or would rather keep track by a form just sign up at the library to receive everything you need. Then check in each week at the library to log your reading progress and receive your tickets!
